Chapter 11

Case No. 21-22108 (RDD)

DECLARATION OF ERIC M. HUEBSCHER

I, Eric M. Huebscher, being duly sworn, declare the following under penalty of perjury:

1. I am the President of Huebscher & Co., a firm providing financial advisory, forensic and business advisory services, which maintains an office at 301 East 87th Street, New York, NY 10128..

2. I have an undergraduate degree in accounting and an MBA in finance. I am a Certified Public Accountant and Certified Fraud Examiner. I also hold a Certified Professional Compliance Officer in healthcare. Additionally, I have completed post graduate work in healthcare law and related matters. My curriculum vitae is attached as **Exhibit A**.

3. In February, 2020, I was appointed by the Office of the United States Trustee as a Subchapter V Trustee for the Eastern, Southern, Western and Northern Districts of New York and the District of Vermont. Since my appointment, I have overseen numerous Chapter 11/Subchapter V matters in several jurisdictions. Additionally, I have been appointed as Patient Care Ombudsman in 17 cases in 6 jurisdictions over the past 13 years. I have served as financial advisor to the Committee of Unsecured Creditors, Plan Administrator, Litigation Trustee and several matters in the Eastern and Southern Districts of New York. I lead the forensic investigation of a mortgage fraud scheme with the United States Attorney's Office in the Eastern District of New York.

In 2018, I worked with the United States Attorney's office, Eastern District of New York, on a large-scale mortgage fraud investigation. This case eventually led to both a civil complaint and criminal indictments. Additionally, since 2012 I have served as the Receiver on a matter pending in District Court, Southern District of New York. This case has been an ongoing forensic investigation, spanning close to 10 years, involving three failed bankruptcy filings, money laundering, tax evasion and civil contempt. Part of my work in this case involved working with the New York District Attorney.

5. I was appointed as the Examiner in the above-captioned chapter 11 case (the “Chapter 11 Case”) filed by the above-captioned Debtor (the “Debtor”) pursuant to 11 U.S.C § 1104(c) by entry of an Order dated November 16, 2021, and was directed to conduct an examination in accordance with this Court’s orders (the “Examination”).

6. During the course of the Examination, I observed an unparalleled effort by the Debtor's principals (Toby Moskowitz and Michael Lichtenstein) to obstruct the Examination. With the support, assistance and guidance of counsel to the Debtor, Moskowitz and Lichtenstein did everything possible to thwart the investigation, including attempting to limit or eliminate access to critical pieces of information and attempting to conceal evidence of possible bankruptcy crimes, money laundering, and tax evasion.

7. One glaring example of the Debtor's principals' extraordinary efforts to conceal and obstruct the examination involved my discovery of two bank accounts not previously disclosed

9. Pursuant to the *Scheduling Order on Motions to Appoint Chapter 11 Trustee* [ECF # 529], I was requested to prepare a written declaration concerning the Examination I conducted and the Reports (as defined below) I prepared. If called as a witness, I would testify to the matters set forth in this declaration. Except as otherwise noted, all facts in this declaration are based on my personal knowledge of the matters set forth herein and information gathered from my review of relevant documents.

4

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury under the laws of the United States, that the foregoing statements are true and correct to the best of my knowledge and belief.

Chapter 11

Case No. 21-22108 (RDD)

**DECLARATION OF ERIC M. HUEBSCHER
IN SUPPORT OF EXAMINER'S MOTION TO ENFORCE AND FURTHER AMEND
SECOND AMENDED ORDER DIRECTING APPOINTMENT OF AN EXAMINER**

I, Eric M. Huebscher, being duly sworn, declare the following under penalty of perjury:

1. I am the President of Huebscher & Co., a firm providing financial advisory, forensic and business advisory services, which maintains an office at 630 3rd Avenue, 21st Floor, New York, New York, 10017.

2. I have an undergraduate degree in accounting and an MBA in finance. I am a Certified Public Accountant and Certified Fraud Examiner. I also hold a Certified Professional Compliance Officer in healthcare. Additionally, I have completed post graduate work in healthcare law and related matters.

3. In February, 2020, I was appointed by the Office of the United States Trustee as a Subchapter V Trustee for the Eastern, Southern, Western and Northern Districts of New York and the District of Vermont. Since my appointment, I have overseen numerous Chapter 11/Subchapter V matters in several jurisdictions. Additionally, I have been appointed as Patient Care Ombudsman in 17 cases in 6 jurisdictions over the past 13 years. I have served as financial advisor to the Committee of Unsecured Creditors, Plan Administrator, Litigation Trustee and several matters in the Eastern and Southern Districts of New York. I lead the forensic investigation of a mortgage fraud scheme with the United States Attorney's Office in the Eastern District of New York.

Additionally, I have served as both a State and Federal receiver and assisted in numerous fraud and forensic investigations.

4. I submit this declaration (this “Declaration”) in support of the Examiner’s motion (the “Motion”)¹ to enforce and further amend the *Second Amended Order Pursuant to 11 U.S.C. § 1104(c) Directing the Appointment of Examiner* [ECF # 224] (the “Examiner Appointment Order”), filed concurrently herewith. Except as otherwise noted, all facts in this Declaration are based on my personal knowledge of the matters set forth herein and information gathered from my review of relevant documents.

5. As further described in the Motion, I was appointed as the Examiner in the above-captioned chapter 11 case (the “Chapter 11 Case”) filed by the above-captioned Debtor (the “Debtor”) pursuant to 11 U.S.C § 1104(c) by entry of an Order dated November 16, 2021.

INFORMATION CONCERNING EXAMINER’S APPOINTMENT

6. Pursuant to Paragraph 2 of the Second Amended Examiner Appointment Order, I have been authorized to investigate and file a report regarding “[t]hose transactions, as determined by the Examiner in the Examiner’s sole discretion, that might give rise to potential claims by the Debtor’s estate, including, without limitation, actions under sections 544, 547, 548 of the Bankruptcy Code, against Ms. Toby Moskovits, Mr. Michael Lichtenstein and/or the Debtor’s other insiders (as such terms is defined in the Bankruptcy Code) (collectively, the “Examination Topics”).” Second Amended Examiner Appointment Order, ¶ 2.

7. Given the scope of the Examination Topics, my approach to this investigation was to first request documents and information from the Debtor, with a focus on the Debtor’s financial transactions. To that end, I requested bank statements, credit card statements and tax returns for

¹ Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms in the Motion.

the Debtor and related entities. Upon my initial review of the supplied bank statements received from the Debtor, I discovered that the Debtor and its affiliated Management Company transferred \$20,608,016 out of Debtor and Management Company bank accounts into bank accounts controlled by the Debtor's principals (i.e., Toby Moskowitz and Michael Lichtenstein).² The total number of outbound transfers out of Debtor and Management Company bank accounts, during the period of 2017 to present was 4,207, over 27 accounts for which the Debtor has refused to supply any information or records. As an example, in 2019, the Debtor reported \$3,200,928 in net income.³ During the same year, 2019, \$3,246,031 was transferred out of the Debtor and/or Management Company bank accounts into unknown and unidentified bank accounts. This was the same year that the Debtor ceased making debt service and property tax payments. Given the sheer volume and magnitude of these transfers, I requested the corresponding bank statements. **The Debtor has refused to turn over these documents.** As a forensic accountant, I was concerned by the Debtor's refusal to turn over these documents as it is an indicia of concealment of material facts directly pertinent to the underlying examination. Upon receipt and review of this requested information, I will conduct additional witness interviews and request additional documents, if necessary, in order to analyze the transactions, assess potential claims of the Debtor's estate, and to prepare my report.

INFORMATION CONCERNING EXAMINER'S INVESTIGATION TO DATE

8. Within days of my appointment, on November 21, 2021, I sent an initial document and information request to counsel to the Debtor. This request included a listing of bank accounts

² Jeremy Rauch, the Debtor's Director of Finance, told me that all accounts where online transfer were executed were accounts owned and/or controlled by the Debtor's two principals (i.e., Toby Moskowitz and Michael Lichtenstein).

³ This information was provided to me by Jeremy Rauch, Director of Finance for the Debtor and Management Company.

for both the Debtor and Management Company and the location of the books and records of the Management Company.

9. The following day, on November 22, 2021, Debtor's counsel (Leah Eisenberg) confirmed that the Debtor was working on putting documents together.

10. During the morning of November 23, 2021, Debtor's counsel (Leah Eisenberg) confirmed that the referenced documents would be provided by Wednesday, November 24, 2021.

11. However, late in the day on November 23, 2021, Debtor's counsel (Doug Spelfogel) indicated, for the first time, that entry into a confidentiality agreement would be required in order for documents to be provided. Mr. Spelfogel refused to turn over any documents whatsoever unless I signed a confidentiality agreement, which among other things, would restrict my ability to interview witnesses and to require me to file my report under seal.

12. The Debtor's refusal to produce documents in the absence of a confidentiality agreement created delay, and unnecessary process, as I was required to utilize my counsel to seek the Court's assistance.

13. Following the status conference held before the Court on December 1, 2021, my counsel sent a letter confirming the applicable confidentiality protocol.

14. On December 3, 2021 (at 1:20AM), I received the first production of documents from the Debtor (through Debtor's counsel), comprised of only 13 bank statements and assorted credit card statements.

15. Later that same day, I identified serious omissions in the production and asked the Debtor when the complete information would be provided. Debtor's counsel's identification of documents that it believed were supplied was incorrect, not only in the number of statements but also with respect to the corresponding period. As an example, Debtor's counsel would identify

bank statements in a particular Mayer Brown Box folder as being supplied; however, when that folder was opened it either did not contain any statements or contained statements from different accounts. I brought this to the attention of Debtor's counsel (Doug Spelfogel) more than once, but he did not take any steps to correct the erroneous labeling of documents and corresponding missing documents.

16. Debtor's counsel (Doug Spelfogel) subsequently sent additional documents, but the bulk of the information was still missing, including a significant number of bank account statements, as well as other banking records and information previously requested.⁴ Over the course of this examination I sent numerous emails to Debtor's counsel (Doug Spelfogel and Leah Eisenberg) identifying large gaps in information. Instead of addressing these issues directly, Debtor's counsel simply deflected, suggesting that I was confused or that my communications were unclear. I considered this to be simply a tactic to delay and avoid providing information.

17. Upon immediate receipt of banking information, I prepared a detailed grid (tracking mechanism) of bank accounts. This grid was organized by year, month and bank account name and number. All account statements supplied by Debtor's counsel were identified with an "S" for Spelfogel⁵. Despite providing this detailed and comprehensive information to Debtor's counsel, Debtor's counsel never once attempted to reconcile the tracking grid to the Mayer Brown Box downloads. Instead, Debtor's counsel ignored the grid, saying that they had provided thousands of pages and referred to Debtor's counsel late stamping⁶ of the documents.

⁴ During this period Debtor's counsel sent duplicative statements on at least two occasions. Each time when I notified Debtor's counsel of the error, Debtor's counsel never once attempted to research why duplicative statements were sent to the Examiner.

⁵ There were certain statements that I obtained prior to the Debtor's response. Those statements were identified with an X on the tracking grid.

⁶ I repeatedly informed Debtor's counsel (Doug Spelfogel and Leah Eisenberg) that while Bates stamping may be meaningful for their purposes, the Examiner was tracking documents by bank account name, number and respective period, to which Bates stamping is irrelevant.

18. In addition, throughout this time, I regularly and repeatedly sent emails to the Debtors detailing my outstanding requests, including for credit card statements, bank statements, tax returns and materials prepared by the Chief Restructuring Officer. I never received any meaningful response to my emails. Never once did Debtor's counsel directly respond to the missing and/or incomplete document requests, identified on the tracking grids.

19. On December 14, 2021, the Debtor produced three (3) new bank statements and two (2) new credit card statements, in addition to a 2020 federal tax return.

20. Other than the additional documents received on December 14, 2021, I have not received any additional production of documents, despite near daily emails requesting the production and timeline for production of the same.

21. In fact, as of the date of this declaration, numerous of my requests that are critical to my examination remain outstanding. Banking grids of my outstanding requests for bank account statements are attached to this declaration as Exhibit A.⁷ When I interviewed Jeremy Rauch, I discovered that there may exist bank accounts in the name of either the Debtor or Management Company that have not been turned over to Examiner. This would be in addition to over 25 bank accounts where online transfers were effectuated from known Debtor and Management Company bank accounts to now unknown bank accounts.

22. As demonstrated from a review of Exhibit A, there are in excess of 25 bank accounts for which no records have been received. For other accounts, there are multiple year gaps in information.

⁷ The information displayed on Exhibit A is based on the information currently available to me as of the date of this declaration. Additional bank accounts may be identified as further information becomes available and is reviewed. Accordingly, I reserve the right to update Exhibit A as more information is discovered.

23. Each bank account for which records have been requested is either (1) an account of the Debtor or the Management Company, or (2) an account which is linked online to such an account, and to which online banking transfers have been made or from which online banking transfers have been received, in each case, that are either substantial in amount or in number.

24. These bank accounts about which records have been requested have been located *because* they are accounts in the name of or linked to the accounts of the Debtor or the Management Company and have received or provided transfers thereto or therefrom

25. Because Debtor's counsel indicated that some of the bank accounts for which bank statements have been requested were closed during some of the time period for which the statements have been requested, I requested third party verification of the closure of such accounts.

26. No such third party verifications have been provided to date. This failure is also hampering the investigation.

27. In addition to the outstanding bank statement requests as set forth on the grids attached to this declaration, I requested copies of all tax returns for the Debtor and the Management Company from and after 2017.

28. As of the date hereof, I received the 2020 federal tax return for the Debtor,⁸ but none of the other tax returns that I requested have been provided to me. Since the investigation began, I have discovered⁹ that the Management Company receives 100% of the Debtor's revenues.

Given that the 100% of all revenue of the Debtor was deposited into bank accounts of the Management Company and the enormous number of unidentified bank accounts, it is imperative that the Debtor turn over all tax returns for both the Debtor and Management Company.

⁸ This tax return showed zero revenue from any source.

⁹ Jeremy Rauch, Director of Finance for the Debtor, stated that 100% of all revenue of the Debtor is deposited into the Management Company bank accounts.

29. Debtor's counsel has refused to provide tax returns for the Management Company as well as various other materials which Debtor's counsel described as "non-debtor" materials.

30. In addition, I requested that the Debtor's Chief Restructuring Officer provide me with copies of work product prepared in the context of his role as the Debtor's Chief Restructuring Officer. The Debtor has refused to turn over these records. As of the date of this declaration, I have not received any such records.

31. Because I have been unable to obtain certain requested documents and information from the Debtor and its principals, my professionals and I have expended inordinate and unnecessary amount of time and incurred substantial additional costs in pursuing such information, including involving counsel, seeking guidance from the court regarding the process and timeline of the investigation. In addition, because of the Debtor's failure to provide certain requested banking and tax return information, I directed my counsel to serve document requests and non-party subpoenas upon the banks holding the applicable records as well as the Debtor's accountant.

32. In addition to the fact that numerous of my requests remain outstanding, I note that I have not received any confirmation that these documents will be provided to me or confirmation as to when any such documents will be provided.

33. The Debtor's delay and withholding of requested information has impeded my ability to efficiently complete my investigation. The receipt of banking information is only one part of the examination. The more substantial aspect of the examination will be the detailed review of the books and records of each underlying identified expense, transfer or transaction. Given the sheer volume of transaction, this effort will possibly take several weeks. If the Debtor either continues to refuse to allow access or interferes with the review, this process could take substantially longer. Due the Debtor's refusal to turn over key, relevant and important banking

information the review of the Debtor's books and records has not begun. Therefore, and as further set forth in the accompanying motion, I am seeking the Court's guidance regarding the scope of my examination, a direction that the Debtor and its principals cooperate in the investigation (including by providing the requested documents and provide free and open access to the books and records of the Debtor and Management Company) and a modification to the timeline and budget restraints set forth in the order approving the appointment of the examiner.

Chapter 11

Case No. 21-22108 (RDD)

**DECLARATION OF ERIC M. HUEBSCHER
IN SUPPORT OF EXAMINER'S REPLY IN FURTHER SUPPORT
OF EXAMINER'S MOTION TO ENFORCE AND FURTHER AMEND
SECOND AMENDED ORDER DIRECTING APPOINTMENT OF AN EXAMINER**

I, Eric M. Huebscher, being duly sworn, declare the following under penalty of perjury:

1. I am the President of Huebscher & Co., a firm providing financial advisory, forensic and business advisory services, which maintains an office at 630 3rd Avenue, 21st Floor, New York, New York, 10017.

2. I have an undergraduate degree in accounting and an MBA in finance. I am a Certified Public Accountant and Certified Fraud Examiner. I also hold a Certified Professional Compliance Officer in healthcare. Additionally, I have completed post graduate work in healthcare law and related matters.

3. In February, 2020, I was appointed by the Office of the United States Trustee as a Subchapter V Trustee for the Eastern, Southern, Western and Northern Districts of New York and the District of Vermont. Since my appointment, I have overseen numerous Chapter 11/Subchapter V matters in several jurisdictions. Additionally, I have been appointed as Patient Care Ombudsman in 17 cases in 6 jurisdictions over the past 13 years. I have served as financial advisor to the Committee of Unsecured Creditors, Plan Administrator, Litigation Trustee and several matters in the Eastern and Southern Districts of New York. I lead the forensic investigation of a mortgage fraud scheme with the United States Attorney's Office in the Eastern District of New York.

Additionally, I have served as both a State and Federal receiver and assisted in numerous fraud and forensic investigations.

4. I submit this declaration (this “Declaration”) in support of the Examiner’s reply (the “Reply”) in further support of the *Examiner’s Motion to Enforce and Further Amend Second Amended Order Directing the Appointment of an Examiner* [ECF # 243] (the “Motion”)¹, filed concurrently herewith. Except as otherwise noted, all facts in this Declaration are based on my personal knowledge of the matters set forth herein and information gathered from my review of relevant documents.

5. As further described in the Motion, I was appointed as the Examiner in the above-captioned chapter 11 case (the “Chapter 11 Case”) filed by the above-captioned Debtor (the “Debtor”) pursuant to 11 U.S.C § 1104(c) by entry of an Order dated November 16, 2021.

6. This Declaration supplements my prior declaration in support of the Motion, which was filed with the Court on December 22, 2021 [ECF # 244] and provides a further update since that time.

7. On December 1, 2021 and December 9, 2021, the Court held Chambers conferences at the request of the Examiner. These requests were made in large part as a result of the Debtor’s continued refusal to cooperate and turn over documents and information. At the December 9, 2021 conference, the Court directed the Debtor fully cooperate and turn over documents requested by the Examiner. Despite this very clear direction from the court, the Debtor has continued to thwart and impede the investigation and refused to turn over a substantial number documents and information. These actions appear to be in clear contradiction with the direction from the court.

¹ Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms in the Motion.

The Debtor also, without court approval, instructed third parties not to respond to the Examiner's subpoenas.

8. In the evening of January 5, 2022, I received the first production of documents from the Debtor since December 14, 2021 (such production, the “January 5 Production”).

9. The January 5 Production included bank statements relating to five bank accounts, but more than half of the information in those statements was redacted such that their usefulness was rendered nil. I have therefore been unable to analyze the January 5 Production.

10. As of the date hereof, the Debtor has refused to turn over any records concerning 37 bank accounts for which I have requested records.

11. As of the date hereof, the Debtor has also refused to provide the tax returns for the Debtor (other than the federal tax return for 2020) and for the Management Company.

12. As of the date hereof, the Debtor has also instructed the CRO not to turn over any work products, documents or information that the CRO has as a result of his retention in this case.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury under the laws of the United States, that the foregoing statements are true and correct to the best of my knowledge and belief.

Chapter 11

Case No. 21-22108 (RDD)

**DECLARATION OF ERIC M. HUEBSCHER
IN SUPPORT OF EXAMINER'S MOTION FOR AN ORDER
EXTENDING TIME TO FILE REPORT AND RELATED RELIEF**

I, Eric M. Huebscher, being duly sworn, declare the following under penalty of perjury:

1. I am the President of Huebscher & Co., a firm providing financial advisory, forensic and business advisory services, which maintains an office at 630 3rd Avenue, 21st Floor, New York, New York, 10017.

2. I have an undergraduate degree in accounting and an MBA in finance. I am a Certified Public Accountant and Certified Fraud Examiner. I also hold a Certified Professional Compliance Officer in healthcare. Additionally, I have completed post graduate work in healthcare law and related matters.

3. In February, 2020, I was appointed by the Office of the United States Trustee as a Subchapter V Trustee for the Eastern, Southern, Western and Northern Districts of New York and the District of Vermont. Since my appointment, I have overseen numerous Chapter 11/Subchapter

V matters in several jurisdictions. Additionally, I have been appointed as Patient Care Ombudsman in 17 cases in 6 jurisdictions over the past 13 years. I have served as financial advisor to the

Committee of Unsecured Creditors, Plan Administrator, Litigation Trustee and several matters in the Eastern and Southern Districts of New York. I lead the forensic investigation of a mortgage fraud scheme with the United States Attorney's Office in the Eastern District of New York.

Additionally, I have served as both a State and Federal receiver and assisted in numerous fraud and forensic investigations.

4. I submit this declaration (this “Declaration”) in support of the *Examiner’s Motion for an Order Extending Time to File Report and Related Relief* (the “Motion”),¹ filed concurrently herewith. Except as otherwise noted, all facts in this Declaration are based on my personal knowledge of the matters set forth herein and information gathered from my review of relevant documents.

5. As further described in the Motion, I was appointed as the Examiner in the above-captioned chapter 11 case (the “Chapter 11 Case”) filed by the above-captioned Debtor (the “Debtor”) pursuant to 11 U.S.C § 1104(c) by entry of an Order dated November 16, 2021.

INFORMATION CONCERNING EXAMINER’S INVESTIGATION TO DATE

6. Beginning on November 21, 2021, within days of my appointment, I began requesting documents and information from the Debtor and its principals. Over a series of weeks, the Debtor failed to provide significant portions of information that I requested. Because of the Debtor’s failure to provide certain requested banking and tax return information, I directed my counsel to serve document requests and non-party subpoenas upon the banks holding the applicable records as well as the Debtor’s accountant. I understand that those subpoenas were sent on December 16, 2021 and December 17, 2021.

7. The Debtor, without court approval, instructed the third parties not to respond to the Examiner’s subpoenas. This direction from the Debtor delayed the processing of the subpoenas by the third parties. None of the banks subpoenaed have returned any documents to the Examiner.

¹ Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms in the Motion.

Further, the accountant who was also served with a subpoena for tax records, has not provided any documents or returned phone calls or emails from the Examiner or the Examiner's counsel.

8. On January 10, 2022 the Court held a hearing to consider the *Examiner's Motion to Enforce and Further Amend Second Amended Order Directing the Appointment of an Examiner* [ECF No. 243] (the "Examiner's Motion") and granted the requested relief. During that hearing, the Court directed the Debtor, its principals, and the Chief Restructuring Officer (the "CRO") to produce all documents subject to outstanding requests by the Examiner by Friday, January 14, 2022.

9. On January 14, 2022, the last day by which full compliance was expected by the Court, I received two productions: (1) from the CRO and (2) from the Debtor.

CRO's Tardy Productions

10. The CRO's production, which was received in the afternoon of January 14, 2022, included over 600 pages, all of which had previously been produced to the Examiner, and ***not a single page*** of work product. In subsequent correspondence, counsel to the CRO posited that there is no work product of the CRO in this case (and that the only work product is included in emails or email attachments). The Bankruptcy Management Agreement between the Debtor and G.C. Realty Advisors, LLC, includes scope of work areas outlining the CRO's obligations, which contemplates written deliverables. The *Debtor's Motion to Clarify and Amend Second Amended Order Directing Appointment of an Examiner Pursuant to 11 U.S.C. § 1104(c), Limit and/or Quash Subpoenas that Exceed Scope of Examination, and Related Relief* [ECF No. 238] (the "Debtor's Motion") strongly opposed the production of such work product. Debtor's Motion, ¶

32.

11. The CRO also informed me – late in the afternoon on January 13, 2022 – that he had retained counsel, suggesting that additional time was needed for that reason.

12. On January 18, 2022, I was advised that the CRO intended to withhold all privileged documents and that his counsel needed time to review all his emails and prepare a privilege log. After conferring with my counsel, the CRO's counsel sought and obtained clarification from the Court. Documents were received from the CRO's counsel in late morning on January 19, 2022, but the Examiner has not yet had the opportunity to fully review them. The limited review of these new documents (over 1,400 pages) contain court pleadings, retention applications, plans, disclosure statements etc. Moreover, this new production contains repetitive documents sent in different productions and within the same production. I have been advised that the CRO will be providing additional productions of documents in the coming days.

Debtor's Deficient January 14 Production

13. Additionally, I first received additional documents from the Debtor at 6:12 PM in the evening of January 14, 2022 (such production, the "January 14 Production"). Despite the Examiner's requests which have been outstanding for several weeks, the January 14 Production **did not include** (i) certain requested bank statements, (ii) Federal, State or City tax returns for the Debtor for 2017, 2018 or 2019 or State or City tax returns for 2020, (iii) 2017, 2018 or 2020 Federal, State or City tax returns for the hotel manager or State or City tax returns for the hotel manager for 2019 or (iv) any evidence of bank account opening or closures for periods of time when bank records are purportedly unavailable.

14. In an email on Saturday, January 15, 2022, the Debtor, through an email from counsel, asserted for the first time that other than the 2019 federal tax return for the management company and the 2020 federal tax return for the Debtor, no other requested tax returns exist. Even

the two tax returns that I have received are unsigned, despite my repeated requests for signed copies. One of the Debtor's principals, Michael Lichtenstein, notified me in an email dated January 18, 2022 that the entities were not profitable, which avoided any obligation to file tax returns. I have confirmed with the City of New York, that the Debtor has never filed any tax returns with the City of New York.

15. Following receipt of the deficient January 14 Production, I sent an email to counsel to the Debtor on January 15, 2022 at 5:33 P.M. identifying deficiencies in the January 14 Production and requesting that the Debtor remedy the outlined deficiencies in its production by 5:00 P.M. on Sunday, January 16.

16. In addition to identifying missing bank records and tax returns, my email alerted the Debtor to my concern that records for accounts in the name of the management company (BOA 4400 and 3162) now provided were not previously disclosed to me. These two accounts were revealed to the Examiner as newly discovered hotel manager bank accounts with Bank of America. Instead, when I made repeated requests for information concerning these accounts, among others, Debtor and its counsel repeatedly informed the Court that I had requested records for accounts that were unrelated to the hotel. These newly provided account records indicate just the opposite. In my view, the disclosure of this new information raises serious questions regarding the Debtor and its counsel's reliability.

17. In certain instances, even where bank records were provided, those records are incomplete. For example, the statement for the account ending in 3162 shows an opening and closing balance of \$0. However, given my team's identification of this account from other banking records, I know with certainty that there other financial transactions.

18. In my view, the Debtor chose not disclose those transactions and to withhold the related statements. With regard the account ending 4400, the January 31, 2021 statement has an ending balance of \$271,670.81. The Debtor provided no further bank statements for this account.

19. In addition, with regard to accounts 0920, 0959 and 0092, the Debtor stated that it is unable to identify the owner of these bank accounts. However, other information I have reviewed indicates the Debtor does know the owner of these accounts.

(a) Account 0092 was the account that the Debtor used to fund the “Equity” into the loan consolidation on 13 December, 2017. The amount of this “Equity” was \$425,000. Additionally, this same amount was identified by Mark Podgainsky of Getzler Henrich, in his declaration of January 4, 2022 (attached to the unredacted version of the *Debtor’s Objection to Examiner’s Motion to Enforce and Further Amend Second Amended Order Directing the Appointment of an Examiner*), as a loan from the owners to the Debtor. Podgainsky informed me that he did not obtain any third party evidence that any of the amounts on his declaration were substantiated by the existence of any loan documents. He simply reported to me that he took the Debtor’s word that these amounts (over \$10 million) were loans.

(b) Further, with regard to BOA account 0959, the Debtor should be fully aware of the existence of this account. On 31 December, 2018, the Debtor transferred \$125,000 to Miriam Gross. This amount is also included in the J. Rauch report (part of the M. Podgainsky Declaration) labeled “Owners Loans and Transfer Report”.

ST-SS108-144 Doc 248-1 Filed 05/14/22 Entered 05/14/22 16:46:18 Exhibit 1

20. Of particular concern is that the Debtor *deliberately whited out* the source of the “Equity” (as noted above the Debtor has also classified this amount as a loan) infusion in the referenced December 13, 2017 documents. When the Examiner received those same documents from another source (including within the documents supplied by the CRO), it was clear that the “equity” came from 564 St. John’s Partners, LLC. The reference to 564 St. John’s Partners, LLC was whited out and deleted by the Debtor prior to its production to the Examiner. The 564 St. John’s Partners, LLC account was previously identified as an unknown account, with which the Debtor and/or management company had online banking transactions.

21. In addition, in my email of January 15, 2022 to Debtor’s counsel, I requested copies of communications sent to the banks to document the opening and closures of the relevant bank accounts where the Debtor has indicated that bank statements are not available because the applicable accounts were closed at the time in question. The Debtor did not provide any third party evidence of bank account opening and closures. This is a request that has been outstanding for over 6 weeks, and, as of the date of this declaration, remains entirely outstanding. The Debtor has taken the position that, with respect to my request for documentation of the requests made to the banks to display account closures and openings with respective dates, no evidence can be provided because the requests were made by phone call.

22. On Sunday, January 16, 2022 at 5:41 P.M. I received an email from Debtor’s counsel, which failed to cure the material deficiencies in the January 14 Production. The email indicated that the January 14 Production “constitutes everything the Debtor (and as we are advised, the non-debtors) could locate after conducting a thorough review of their respective records and checks off the bulk of the grids provided.” However, the Debtor’s inability to locate records does not excuse its obligations, particularly as the Debtor elected to interfere with the banks efforts to

provide those records to the Examiner by instructing that they not comply with the subpoenas issued to them pending the Debtor's motion.

23. On January 17, 2022 at 11:37 AM, I responded to the email received from Debtor's counsel reminding the Debtor of its obligation to provide all records and information to the examiner and noting that the contention that records cannot be located is insufficient where in virtually all instances bank records are available online.

24. In light of these outstanding omissions in production, I have been unable to review all requisite information to put together a complete report. Additionally, while my counsel previously served subpoenas upon the banks and an accountant requesting records, Debtor's counsel urged these third parties not to respond to the subpoenas while the Debtor's motion to quash was pending.

25. The Debtor operates a 147-bed hotel. This is a relatively straight forward business, with (in my experiences) a banking structure that does not require a high level of complexity. The Debtor and the Debtor's management company have completed over 39,700 transactions between and among 39 bank accounts with two banking institutions. As will be more fully developed in my report, once we receive all of the banking records, I believe that the Debtor has created a extremely complex banking structure that has no inherent benefit to the Debtor.

26. Because of Debtor's actions in this regard, the banks did not process the subpoenas and while my counsel asked that they resume the processing of those subpoenas, I've been informed that at least one bank cannot commit to providing the requested records before January 25, 2022. Another bank confirmed they had not yet processed the subpoena as of January 19, 2022 because they received the Debtor's Motion, and they will need until January 27, 2022 to provide the requested documents.

27. I understand that the accountant has not responded to the subpoena at all.

28. Without the information requested from the Debtor and its principals and the CRO, in conjunction with the information requested through the third party subpoenas, any report that I issue would be incomplete.

Chapter 11

Case No. 21-22108 (RDD)

**DECLARATION OF ERIC M. HUEBSCHER
IN SUPPORT OF EXAMINER'S MOTION
SEEKING PRIVILEGE DETERMINATION AND RELATED RELIEF**

I, Eric M. Huebscher, being duly sworn, declare the following under penalty of perjury:

1. I am the President of Huebscher & Co., a firm providing financial advisory, forensic and business advisory services, which maintains an office at 630 3rd Avenue, 21st Floor, New York, New York, 10017.

2. I have an undergraduate degree in accounting and an MBA in finance. I am a Certified Public Accountant and Certified Fraud Examiner. I also hold a Certified Professional Compliance Officer in healthcare. Additionally, I have completed post graduate work in healthcare law and related matters.

3. In February, 2020, I was appointed by the Office of the United States Trustee as a Subchapter V Trustee for the Eastern, Southern, Western and Northern Districts of New York and the District of Vermont. Since my appointment, I have overseen numerous Chapter 11/Subchapter

V matters in several jurisdictions. Additionally, I have been appointed as Patient Care Ombudsman in 17 cases in 6 jurisdictions over the past 13 years. I have served as financial advisor to the

Committee of Unsecured Creditors, Plan Administrator, Litigation Trustee and several matters in the Eastern and Southern Districts of New York. I lead the forensic investigation of a mortgage fraud scheme with the United States Attorney's Office in the Eastern District of New York.

Additionally, I have served as both a State and Federal receiver and assisted in numerous fraud and forensic investigations.

4. I submit this declaration (this “Declaration”) in support of the *Examiner’s Motion Seeking Privilege Determination and Related Relief* (the “Motion”),¹ filed concurrently herewith. Except as otherwise noted, all facts in this Declaration are based on my personal knowledge of the matters set forth herein and information gathered from my review of relevant documents.

5. As further described in the Motion, I was appointed as the Examiner in the above-captioned chapter 11 case (the “Chapter 11 Case”) filed by the above-captioned Debtor (the “Debtor”) pursuant to 11 U.S.C § 1104(c) by entry of an Order dated November 16, 2021.

INFORMATION CONCERNING EXAMINER’S INVESTIGATION TO DATE

6. Beginning on November 21, 2021, within days of my appointment, I began requesting documents and information from the Debtor and its principals. Over a series of weeks, the Debtor failed to provide significant portions of information that I requested. Because of the Debtor’s failure to provide certain requested banking and tax return information, I directed my counsel to serve document requests and non-party subpoenas upon the banks holding the applicable records as well as the Debtor’s accountant. I understand that those subpoenas were sent on December 16, 2021 and December 17, 2021.

7. The Debtor, without court approval, instructed the third parties not to respond to the Examiner’s subpoenas. This direction from the Debtor delayed the processing of the subpoenas by the third parties.

8. On January 10, 2022 the Court held a hearing to consider the *Examiner’s Motion to Enforce and Further Amend Second Amended Order Directing the Appointment of an Examiner*

¹ Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms in the Motion.

[ECF No. 243] (the “Examiner’s Motion”) and granted the requested relief. During that hearing, the Court directed the Debtor, its principals, and the Chief Restructuring Officer (the “CRO”) to produce all documents subject to outstanding requests by the Examiner by Friday, January 14, 2022.

A. Discovery of Previously Undisclosed Transaction

9. As noted in my prior declaration dated January 19, 2022 [ECF # 316] (the “January 19 Declaration”), on January 14, 2022, the last day by which full compliance was expected by the Court, I received a deficient production from the Debtor.

10. Along with the other deficiencies highlighted in my January 19 Declaration, I was concerned that the Debtor’s January 14 production included records for accounts in the name of the management company (BOA 4400 and 3162) that were not previously disclosed to me. These two accounts were revealed to the Examiner as newly discovered hotel manager bank accounts with Bank of America. As previously noted in my January 19 Declaration, when I made repeated requests for information concerning these accounts, among others, Debtor and its counsel repeatedly informed the Court that I had requested records for accounts that were unrelated to the hotel. These newly provided account records indicate just the opposite.

11. As I raised in my January 19 Declaration, in certain instances, even where bank records were provided, those records were incomplete, and the statement provided for the account ending in 3162 shows an opening and closing balance of \$0. As I explained in my January 19 Declaration, given my team’s identification of this account from other banking records, I knew with certainty that there were other financial transactions.

12. My review of information received from the banks in response to the subpoenas has revealed significant transactions that were not disclosed.

13. On January 31, 2022, through review of banking records received from Bank of America, in response to the subpoena served upon it in mid-December, I have discovered that the account ending in 3162 received economic disaster impact funds (“EDIL”) in the amount of \$350,000 from the Small Business Administration in July of 2021, which was sent out almost immediately to Northside Acquisition Partners, LLC, which is an entity controlled by the Debtor’s principals. Debtor’s counsel (Samuel Rabuck) previously represented to me in an email dated January 16, 2022 that he was advised that the account ending in 3162 (and account 4400) had “limited use/activity”.

14. In an interview with Michael Lichtenstein on February 1, 2022, Mr. Lichtenstein confirmed that the EDIL was obtained on the Hotel’s behalf. Neither the EDIL nor its disposition was disclosed on the Debtor’s monthly operating reports or in any other filings in the case.

B. The Podgainy Declaration

15. As stated in my January 19 Declaration, on January 5, 2022, the Debtor provided a declaration from Mark Podgainy, managing director of Getzler Henrich setting forth its analysis as to transfers of the Debtor and the management company. *See* January 19 Declaration, § 19(a). Mr. Podgainy informed me that he did not obtain any documentation that any of the amounts in his declaration were supported by any loan documents, and that he simply took the Debtor’s word that the amounts referenced were, in fact, loans. *See* January 19 Declaration, § 19(a).

16. The summary was incomplete and inaccurate. The summary also impeded my work because Mr. Lichtenstein and Ms. Moskovits have repeatedly referred to the report provided to me, rather than providing documents and information that I have requested.

I. Executive Summary

The Examiner's mandate was to investigate and assess potential bankruptcy causes of action of 96 Wythe Acquisition LLC (the "Debtor"). In the course of the investigation, the Examiner reviewed banking records for 50 bank accounts, conducted 11 interviews and reviewed over 10,000 of pages in documents, including bank statements, transfer reports prepared by the Debtor, emails, and other relevant and supporting documentation. The Examiner reviewed over 48,000 banking transactions from, to, and among the Debtor, the Debtor's management company (the Williamsburg Hotel BK, LLC) (the "Manager") and other bank accounts linked to accounts in the name of the Debtor or the Manager. These transactions took place over an approximately four-year period.¹

The Debtor owns a 147-room boutique hotel in Williamsburg, New York. According to numerous sources, the Manager has no business operations other than the management of the hotel. All of the hotel's revenues are deposited into the Manager's bank accounts. Because of the intertwined finances of the Debtor and the Manager, this report examines transactions of the Manager as well as the Debtor.

The investigation uncovered significant potentially avoidable transfers. More specifically, the investigation uncovered evidence of a complex scheme to divert and siphon substantial amounts of money from the Debtor, through a labyrinth of banking relationships between the Debtor and the Manager, and other entities under common ownership and control of Michael Lichtenstein ("Lichtenstein") and Toby Moskovits ("Moskovits," and, together with Lichtenstein, the "Principals"). Entities owned directly or indirectly by the Principals which received and sent transfers to the Debtor and/or the Manager include, but may not be limited to, 232 Seigel

¹ The investigation focused on transactions four years before February 23, 2021 (the "Petition Date"), although the look back period for transfers prior to April 6, 2020 is up to six years under New York law. This was done to streamline the investigation by limiting it to the time periods of the most financial activity. As further discussed below, the investigation also led to discovery of potentially avoidable post-petition transactions, although the post-petition period was not the primary focus of the investigation. While the Examiner's mandate is to address causes of action of the Debtor, as noted above, the investigation revealed that all of the Debtor's revenue is directly paid to the Manager, and that the Manager's sole business activity is management of the Debtor. The Manager is the initial transferee of funds from the Debtor, and an examination of all subsequent transfers from the Manager was necessary. *See* 11 U.S.C. § 550(a).

Acquisition, LLC, 232, Seigel Development, LLC, Mint Development Corporation, 564 St. Johns Acquisition LLC, 564 St. Johns Holdings LLC, Northside Development Holdings, LLC, Northside Acquisition Partners LLC, 215 Moore Street Acquisition LLC, 215 Moore Street Development LLC, 875 4th Avenue Acquisition LLC, 286 Rider Ave Acquisition, LLC, Heritage GC Walton Acquisition LLC, Brooklyn Bread Lab, Building Development Corp, 96 W Development, LLC, and FIA Capital Partners (an entity owned directly or indirectly by the Debtor's Chief Restructuring Officer (the "CRO")).² Significant transfers were also sent to and received from Lichtenstein, Moskovits, and Marion (Miriam) Gross (an employee of the Debtor). In total, the Examiner has identified at least an aggregate net amount of \$12.5 million sent from the Manager to many of the above entities.

In addition to these transactions, which may be subject to potential claw-back actions, there are several other areas of significant concern that will be identified in this report for possible legal action.

Despite the fact that approximately \$24.5 million was deposited into (and approximately \$25.5 million was withdrawn from) the Debtor's bank accounts during the period 2017 – 2020, the Debtor did not file tax returns for years 2017, 2018 or 2019.³ Similarly, while approximately \$68.2 million was deposited into (and approximately \$68.7 million was withdrawn from) the Manager's bank accounts during the period 2017 – 2020,⁴ with the possible exception the year 2019, these deposits and withdrawals by the Manager have not been reported to any taxing authority. Lichtenstein informed the Examiner that, other than the 2020 Federal tax return for the Debtor and the 2019 Federal tax return for the Manager, tax returns were not filed because the entities did not make a "profit".

² Lichtenstein refused to explain the nature of these transactions.

³ The Examiner was provided with one unsigned Federal tax return (2020) for the Debtor, which showed zero revenue or expense.

⁴ The Examiner was provided with one unsigned Federal tax return (2019) for the Manager.

The Principals obstructed the Examiner's investigation, by actions and inactions, including significant delays in document production, interference with third party subpoenas, and refusal to answer questions regarding thousands of financial transactions.

While the Principals' obstructive efforts are discussed in further detail in this report, (*see* Appendix), the following are two examples of efforts to hide certain transactions. On January 5, 2022, the Examiner learned that two accounts (BOA 4400 and 3162), which he had discovered based on their link to other accounts in the name of either the Debtor or the Manager, and which the Debtor represented to have no relationship with the Debtor or the Manager, were, in fact, in the name of the Manager and received significant post-petition transfers that had not been disclosed:

- Through BOA 3162, in July of 2021, 5 months after the Debtor's bankruptcy filing, the Manager received an economic disaster impact funds ("EIDL") grant in the amount of \$350,000. The grant was obtained in the name of the Williamsburg Hotel.⁵ This amount was transferred on August 3, 2021 from the Manager to Northside Acquisition Partners, LLC.⁶ The application for the EIDL grant was not disclosed in any of the bankruptcy filings, and neither its receipt nor its disbursement was disclosed in the Debtor's monthly operating reports.⁷
- Additionally, \$252,100 was transferred from BOA 4400, to Northside Management, LLC,⁸ two days after the Petition Date and was not reported on the Debtor's monthly operating report or the Debtor's schedules of statement of financial affairs.

As a result of the Principals' actions to delay and obstruct the examination, coupled with the short time period during which the investigation was conducted, the Examiner believes there may be

⁵ This was identified on the corresponding bank statement.

⁶ Northside Acquisition Partners, LLC is an entity owned, directly or indirectly, by Lichtenstein.

⁷ Lichtenstein refused to provide the Examiner with a copy of the application for the EIDL grant.

⁸ Unlike other transfers to Northside entities, this transaction was sent via wire transfer.

additional valuable causes of action that he has not yet uncovered, and further investigation is warranted.

II. Background

A. Case Background

On February 23, 2021 (the “Petition Date”), the Debtor commenced this Chapter 11 case in the United States Bankruptcy Court for the Southern District of New York (the “Court”). The Debtor owns a 147-room boutique hotel in Williamsburg, New York. The organizational structure of the Debtor and its related entities is shown on **Exhibit A**. Moskovits and Lichtenstein are the indirect owners of the Debtor and the Manager, as well as a number of other entities identified in this report. In Court filings, the Debtor has identified Lichtenstein as its managing member.

The initial order directing the appointment of an examiner in this case was entered on November 8, 2021 (DI 178). On November 16, 2021, Eric M. Huebscher was appointed as Examiner (DI 184). The order directing the appointment of an examiner was amended on November 23, 2021 (DI 193) and on December 14, 2021 (DI 224). The order directing the appointment of an Examiner states that the Examiner is authorized to investigate the following matters:

those transactions, as determined by the Examiner in the Examiner’s sole discretion, that might give rise to potential claims by the Debtor’s estate, including, without limitation, actions under sections 544, 547, 548 of the Bankruptcy Code, against Ms. Toby Moskovits, Mr. Michael Lichtenstein and/or the Debtor’s other insiders (as such terms is defined in the Bankruptcy Code) (collectively, the “Examination Topics”); provided, that the Examiner shall exercise discretion to narrow or limit the foregoing examination based on the Examiner’s assessment of the benefit to the Debtors’ creditors of pursuing any such cause of action. The Examiner shall be permitted to interview any party in interest, including, but not limited to, the Debtor, the Hotel Manager, Ms. Toby Moskovits, Mr. Michael Lichtenstein, and Benefit Street, and any of their advisors or professionals, to the extent the Examiner reasonably believes such persons have information relevant to the Examination Topics. Such persons shall make themselves available to the

⁹ The Examination Topics expressly exclude “(a) Potential Claims belonging to the Debtor’s estate based on the loans received by Williamsburg Hotel BK LLC . . . pursuant to the Paycheck Protection Program, and related settlement and stipulation; and (b) Potential Claims belonging to individual creditors, including as they may pertain to the management agreement between the Debtor and the Hotel Manager.” (DI 224), ¶ 3.

Examiner at such times and places as the Examiner may reasonably request and upon reasonable notice.

The December 14, 2021 order permitted the issuance of third-party subpoenas, pursuant to Federal Rule of Civil Procedure 45 (made applicable by Bankruptcy Rule 9016). (DI 224), ¶ 6.

B. BSP Loan

In order to develop an appropriate investigative structure and protocol, it was necessary to have an understanding of the Debtor's single secured debt obligation: the loan from Benefit Street Partners Realty Operating Partnership, L.P. ("BSP").

The BSP loan arises out of a mortgage loan consolidation (the "Loan"), which closed on December 13, 2017 and was executed by the Principals on behalf of the Debtor. The Debtor scheduled the Loan in the principal amount of \$68,000,000.00 as of the Petition Date. The detailed Loan closing document is attached as **Exhibit B**. As the closing document shows, in addition to BSP and Hutton, the Principals contributed \$425,000 from 564 St. John's Partners LLC¹⁰ to the Debtor. In late 2018 BSP declared the Loan in default. Shortly thereafter, on June 11, 2019, after the Loan matured, BSP commenced foreclosure proceedings. As part of the foreclosure proceedings in State court, a receiver was appointed to oversee the property and its finances.

Given the extremely short time between the Loan closing and default, the investigation considered whether the Debtor could have ever supported the underlying debt service on the Loan (as

¹⁰ The Examiner believes that 564 St. John's Partners LLC is owned indirectly by the Principals. The \$425,000 contribution from 564 St. John's Partners LLC is identified as "equity" on the closing document. The Loan closing document (Exhibit B) provided to the Examiner by the Debtor did not include the name of 564 St. John's Partners LLC, which, as it turned out, had been whited out. When the Examiner received the same document from BSP, and later, the CRO, the Examiner realized the actual document contained a reference to 564 St. John's Partners LLC, unlike the "document" provided by the Debtor which had been altered to conceal the name of 564 St. John's Partners LLC as "equity". Unlike the blacked-out redactions in documents mentioned elsewhere in this report, the removal of a name by white out is less obvious, and the alteration would not have been discovered had the Examiner not sought and obtained the document from sources other than the Debtor. The amount of the \$425,000 contribution by 564 St. John's Partners LLC was in excess of the amount required to close the Loan. This over contribution resulted in a net amount being paid to the Debtor.

discussed below). In that regard, it was important to understand not only the financial projections used in support of the Loan underwriting, but also to review the post-closing operating results.

The Examiner reviewed the pro forma information provided to BSP by the Debtor in connection with the closing of the Loan.¹¹ The pro forma income statements show the Debtor in the period just prior to the Loan with an EBITDA (earnings before interest taxes depreciation and amortization) of 25.7%. The same pro forma shows the Debtor's EBITDA percentage increasing to 32.4% in year 1 after the Loan, and to 36.2% in year 5 after the Loan. These percentages and resulting funds (if ever achieved) would have been sufficient to support the debt service under the Loan.

The Debtor's financial statement for the year (2018), immediately following obtaining the Loan, shows a net operating profit of 10% or approximately \$1.5 million. The Debtor's 2019 operating profit, based on the Debtor's financial statement, was 16% or \$3.2 million. The 2020 financial statements showed a loss, due principally to the outbreak of the COVID-19 pandemic. None of these operating results would have been sufficient to support the debt service contemplated by the Loan.

The Examiner also reviewed the financial stability of the Debtor subsequent to the Petition Date. The March 2021 monthly operating report ("MOR") showed a loss. The September 2021 MOR showed a net operating profit of 25.3% or \$592,000. The December 2021 MOR showed a net operating profit of 13.2% or \$257,000. None of these operating results would be sufficient to support the debt service contemplated by the Loan.

It does not appear that the Debtor's operation will ever approach, or could have ever been expected to reach, the projections provided to BSP. Investigation as to the Principals' actions, decisions, and representations in connection with the Debtor's incurrence of the Loan may be appropriate.

¹¹ These projections, "Williamsburg Hotel Budget – Stabilized Year – F&B Updates" were sent in an email from Jeremy Rauch (Director of Finance of the Debtor) to BSP in an email dated November 29, 2017.

C. **Manager's Control Over the Debtor's Finances**

Understanding the relationship between the Debtor and the Manager is critical to analyzing the transactions at issue and potential causes of action of the Debtor. The Examiner was advised that the relationship between the Debtor and the Manager was governed by a management agreement.

Shortly after his appointment, the Examiner was provided with a Hotel Management and Services Agreement (the "November Agreement") dated November 13, 2017 (**Exhibit C**). The November Agreement is signed by Moskovits for the Debtor and Lichtenstein for the Manager. Several months into the chapter 11 case, and despite the fact that it was not disclosed on the schedule of the Debtor's executory contracts, the Debtor presented the November Agreement as its current management agreement. However, the November Agreement appears to have been superseded. On December 13, 2017, the Debtor, Manager and BSP entered into an Assignment of Hotel Management Agreement and Subordination of Hotel Management Fees (the "Assignment") (**Exhibit D**), which attached a management agreement (the "December Agreement") which is different from the November Agreement. The Assignment includes a representation that the December Agreement constitutes the entire agreement between the Debtor and the Manager governing management of the hotel. *See* Assignment, Section 3. The Assignment was signed by Moskovits for the Debtor and Lichtenstein for the Manager.¹²

Based on the above, the December Agreement appears to be the operative management agreement as of December 13, 2017. However, in view of the Debtor's position regarding the November Agreement, the Examiner has analyzed the payment obligations between the Debtor and the Examiner under both the November Agreement and the December Agreement.

Section 8.02 of the November Agreement states that the Manager may open bank accounts linked to the Debtor bank accounts. This linkage, the November Agreement further states, is to assist in the payment of certain expenses e.g., Payroll and Travel commissions. The November Agreement does not permit or require *all amounts* earned by the Debtor to be deposited into Manager bank accounts. In other words, even if the November Agreement were operative (and the Examiner believes that, in light of the Assignment, it is not), the November Agreement permits the Manager

¹² The Assignment was also signed by a representative of BSP.

to operate accounts for maintenance and operation of the hotel, not to appropriate all of the Debtor's money and use it for purposes other than the specific uses permitted by Section 8.02 of the November Agreement. The November Agreement also contemplates payment of certain fees to the Manager (*see* November Agreement, Art. X), but does not contemplate payment of 100% of the hotel revenue to the Manager.

The December Agreement states that the Debtor will pay the Manager 3% of gross rents, starting on January 1, 2018 and every month thereafter. Given the language in either the November Agreement, the Assignment, or the December Agreement, and regardless of which agreement was applicable, the Examiner anticipated that the review would consist of a fairly well-defined payment stream between the Debtor and Manager. As this report demonstrates, the financial relationship between the Debtor and Manager did not follow this anticipated construct in any form or substance.

During the course of his investigation, and confirmed by Jeremy Rauch (Director of Finance for the Debtor), the Examiner learned that 100% of all revenue earned by the Debtor was deposited into the Manager's bank accounts. Additionally, multiple sources confirmed that operation of the hotel is the Manager's only business. The Examiner discovered that not only were the Debtor's and the Manager's bank accounts linked,¹³ numerous other Principal-controlled entities' accounts were linked to the Manager accounts. These linkages (online banking connections) allowed for seamless funds flow between the Manager and Debtor as well several unaffiliated business entities owned by the Principals, and, in some instances, individuals. Indeed, the Examiner reviewed records for 50 bank accounts and over 48,000 banking transactions from, to, and among the Debtor, the Manager and other bank accounts linked to accounts in the name of the Debtor or the Manager. At times, hundreds of banking transactions occurred in a single day. The movement of funds is so substantial that a schedule detailing the transactions exceeds 1000 pages.¹⁴ The

¹³ Linkage of bank accounts allows funds to be moved readily and immediately from one account to another. In this regard the Debtor and Manager utilized online banking functions within both Chase and Bank of America. Online banking transactions do not show full account number information, thus eliminating the transparency of the transaction from the reader of the respective bank statements. Conversely, wire transfers show full and complete account information.

¹⁴ The Examiner has prepared this schedule, which has not been attached due to its volume, but will be provided upon request.

Examiner has been informed that the Principals effectuated virtually all of the transactions between the Manager, Debtor and unaffiliated principal owned entities. Revenue generated by the Debtor was never deposited into the Debtor's bank accounts, but instead, was deposited into the Manager's bank accounts.

The funds flow used by the Manager and the Debtor is both unconventional and inconsistent with commercial accounting principles. Basic accounting principles state that the expenses of an entity must be matched against the entity that generated the income. The banking structure implemented by the Manager prevented this from happening. The Manager collected all the money, while the Debtor incurred all the expenses. This made it difficult to determine the exact expenses of the Debtor and to match it to the related income. The banking system shows that significant sums were transferred in and out of the Debtor and Manager accounts to and from business enterprises that do not relate to the Debtor's business.

In summary, the Principals controlled both sides of the accounting ledger, preventing open disclosure of financial and accounting transactions, and allowing for the siphoning of funds (from the Debtor and through the Manager) to unrelated investments of the Principals and possibly other transferees. Further, some of the Principals' other business enterprises are in bankruptcy e.g., Chapter 11 and 7. Given the intermingled finances with this Debtor/Manager and these other cases, consideration should be given to a further investigation of transactions among the related entities, including the other related debtors.

III. Examination Structure and Investigative Findings

A. Examination Structure

Shortly after the Examiner's appointment, upon review of available information from the Office of the United Trustee (the "OUST") and BSP, the Examiner believed that the examination would involve a review of financial transactions among and between the Debtor and Manager. Therefore, the Examiner's preliminary investigative plan was to review books and records of the Debtor and the Manager, including banking records, and to conduct interviews of key personnel. Given the relatively small size of the Debtor's operations and the simplicity of the financial transactions contemplated by the November Agreement, the Examiner anticipated the review consisting of no

more than three¹⁵ bank accounts for the Debtor and fewer for the Manager. Considering the timing of the Loan closing and the Petition Date, the Examiner's investigation focused on the 4-year period subsequent to the closing and up to the Petition Date.¹⁶ This permitted identification of potential causes of action for the periods 90 days,¹⁷ 1 year,¹⁸ 2 years,¹⁹ and 4 years²⁰ prior to the Petition Date.

Based on the above limited understanding, the Examiner believed that the review would be relatively straightforward. As this report details, the Examiner soon learned that 50 bank accounts and more than 48,000 banking transactions required review and, from the date of his initial document request, he was met with extreme resistance to the investigation by the Principals.

Rather than cooperate, the Debtor's principals actively obstructed the investigation, including by providing heavily redacted bank statements to the Examiner,²¹ refusing to provide records resulting in the issuance of third party subpoenas, subsequently interfering with the very subpoenas the Principals caused to be issued to third parties,²² failing to produce requested

¹⁵ Ordinarily, for an operation the size of the Debtor, it would be expected to have one bank account for operations and one for payroll related expenses. The Manager would have been expected to have a similar or smaller banking structure. The Manager's singular business activity is to manage the Debtor.

¹⁶ Several unauthorized post-petition transfers have been identified in this report. Further investigation of all other post-petition activities is warranted.

¹⁷ See 11 U.S.C. § 547(b)(4)(A).

¹⁸ See 11 U.S.C. §547(b)(4)(B).

¹⁹ See 11 U.S.C. §548 (a)(1).

²⁰ See NY UVTA §§ 273-274, 278 (Under the New York Uniform Law Commission's Uniform Voidable Transactions Act (UVTA) (effective as of April 4, 2020) a claim for relief based on fraudulent intent is extinguished the later of four years after the transfer or one year after the transfer was or could have been discovered by the claimant and a claim based on a lack of fair consideration is extinguished four years after the transfer); 11 U.S.C. § 544(b) ("[t]he trustee may avoid any transfer of an interest of the debtor in property or any obligation incurred by the debtor that is voidable under applicable law by a creditor holding an unsecured claim. . . .").

²¹ The Court subsequently directed the Debtor to turn over unredacted banking documents. The Court informed the Debtor that they did not have the right to redact banking records or withhold such information from the Examiner. The redaction of bank statements by the Debtor slowed the examination by at least two weeks.

²² Debtor's counsel sent letters to the third parties instructing them not to comply with the subpoenas, pending the outcome of a motion to quash filed by the Debtor. Debtor's counsel ultimately lost their challenge to the issuance

documents, delaying production of other documents, and even altering certain of the documents produced. These events, and others like them, led to an extraordinary increase in legal proceedings, and associated time and expense in an effort to compel the Debtor, Manager and others to cooperate with the examination. The Examiner's fees and costs have exceeded the cap despite his and his counsel's efforts handle the case efficiently. This is directly attributable to the extreme resistance of the Debtor and the Principals, including the Debtor's attempts to relitigate the scope of the investigation.²³ The chronology of these efforts to frustrate the investigation is described in the Appendix to this report.

B. Investigative Findings

Based on the Examiner's review of available banking records, the Examiner found the following regarding the banking transactions among and between the Debtor and the Manager and certain related and unrelated entities:

(1) *Debtor/Manager Banking Transactions*

The review of the Manager's bank records revealed that between 2017 and 2020, the Manager had received at least \$49 million from the operations of the Debtor (the Examiner believes that this amount may have been understated by as much as \$4 million) and approximately \$19 million from other sources, for a total of approximately \$68.2 million. None of these receipts remained in the Manager's bank accounts. The average balances for the Manager bank accounts, between 2017 and 2020, ranged between \$50,000 and \$733,000²⁴. The Manager received 100% of all revenue generated by the Debtor.

The review of the Debtor's banking records revealed that the Debtor had received approximately \$24 million from various sources between 2017 and 2020, none of which were from the operations

of the subpoenas. However, the Debtor's counsel's letters caused the third parties (banks) to put the subpoenas on hold, which delayed their responses by weeks.

²³ In addition, the Examiner received a document over which the Debtor asserted privilege, but the Examiner did not believe to be privileged and which the Examiner believes is relevant to the Principal's conduct and intent. Resolution of the privilege dispute required significant time and expenses by the Examiner's counsel.

²⁴ This \$733,000 balance results from the Manager's receipt of PPP funds in the amount of \$1,438,000. Without the PPP funds, the Manager's average bank balances would have been close to zero or even overdrawn.

of the hotel, approximately \$4.9 million of which was from the Manager. The Debtor disbursed approximately \$25 million during the same period, approximately \$4.9 million of which went back to the Manager. The average balances of the Debtor bank accounts between 2017 and 2020 were between \$10,000 and \$480,000. As was the case with the Manager, the Debtor funds never remained in the Debtor's accounts. Quickly following deposit of funds, those same funds were wired, transferred, or spent.

Between 2017 and 2020, the Debtor and the Manager received and disbursed over \$92 million. The Manager reported that 53 percent of this amount came from the operations of the hotel. A large number (thousands) of transactions with the Debtor's Principals' other business activities accounted for the remaining amounts. The Debtor and Manager confirmed that the only business conducted by the Manager was managing the Debtor. None of these amounts (\$92 million), with the possible exception of the Manager tax return of 2019 (\$20 million in revenue), were ever reported to the Internal Revenue Service, State or City tax authorities.

The above chart reflects the fact that (1) none of the funds from the operation of the hotel came directly into the Debtor (as noted previously, these funds were deposited directly into Manager bank accounts); and (2) any funds received by the Debtor were not retained by the Debtor. This is evidenced by the de minimis banking balances between 2017 and 2020. The funds flow also shows at least two transactions (funds inflows from FIA Capital Partners and Bordeaux Capital) in the aggregate amount of \$2,962,299, which the Debtor has characterized as loans,²⁵ despite that no loan or other supporting documentation has been provided to the Examiner. The Examiner asked for and was refused access to any such loan documents.

The Debtor transacted with seven entities owned, directly or indirectly, by the Principals. These transactions (shown on the left side of the above chart) should be further evaluated, since many of the sources of these funds came into the Debtor from a related source only to be sent back out to another unrelated entity. Due to the significant number of transactions, and the inability to obtain credible opening balance or source information, all of these transactions need to be considered in the aggregate. None of these transactions appear on any tax return provided to the Examiner.

Since the Petition Date, the Debtor's funds flow looks significantly different. The Debtor has accumulated significant cash reserves (\$3.8 million as of December 31, 2021). At no point during the pre-bankruptcy period addressed in this report did either the Debtor or Manager retain any money in the respective bank accounts. As noted, review of bank statements for the pre-petition period shows that as soon as money came into a bank account, it was immediately wired, transferred or otherwise spent. The ability of the Debtor to achieve this level of cash reserve reflects that the Manager's pre-bankruptcy practice of sweeping the Debtor's funds was constrained during the chapter 11 case.

(b) Manager's Funds Flow

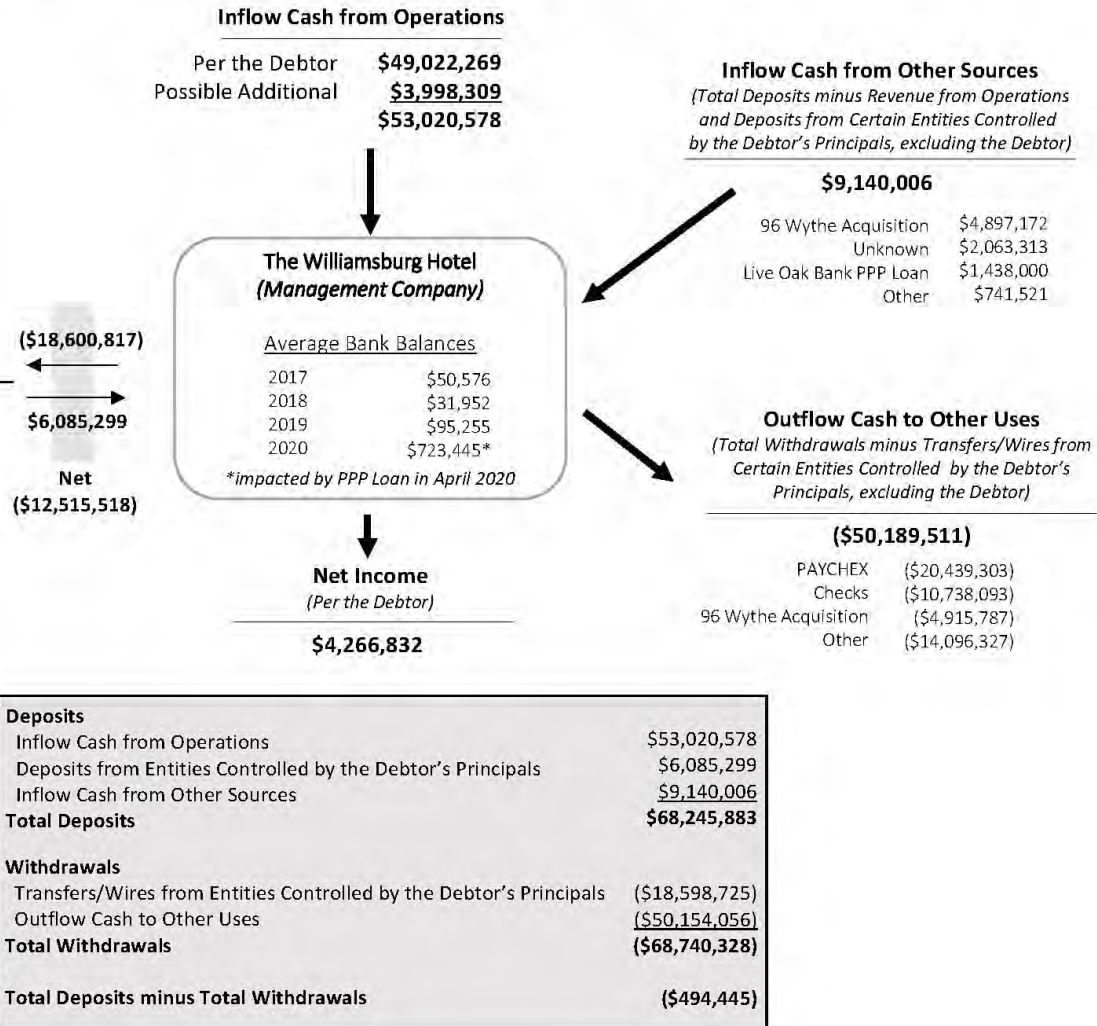

The following chart shows the significant inflows and outflows by and to the Manager:

The Williamsburg Hotel: Analysis of Bank Transactions 2017-2020

Because the Manager's only business is managing the hotel, all transfers from the Manager have been analyzed in the chart above. Funds were used to pay ordinary course expenses, and approximately \$12.5 million net was transferred to other entities controlled by the Principals. The \$12.5 million net aggregate amount shown in the above chart as having been transferred to Northside,²⁶ 564 St. John's,²⁷ and Mint Development Corporation may be subject to potential avoidance.

The Examiner asked Lichtenstein for any agreements (loan or service) between the Manager and the recipients of funds from the Manager, but none were provided. Lichtenstein refused to answer any questions regarding these transactions. There is no evidence that any of these entities had any bona fide business relationship with the Manager or Debtor. Virtually none of these transactions were reported to taxing authorities.

Based upon a review of the financial statements provided to the Examiner by Rauch, the Manager received approximately \$49 million in revenue generated by the Debtor between 2017 and 2020. The Examiner's review of the books and records indicates that this amount may have been understated by as much as \$4 million. The bank balances during this period, similar to those in the Debtor's bank accounts, were de minimis.

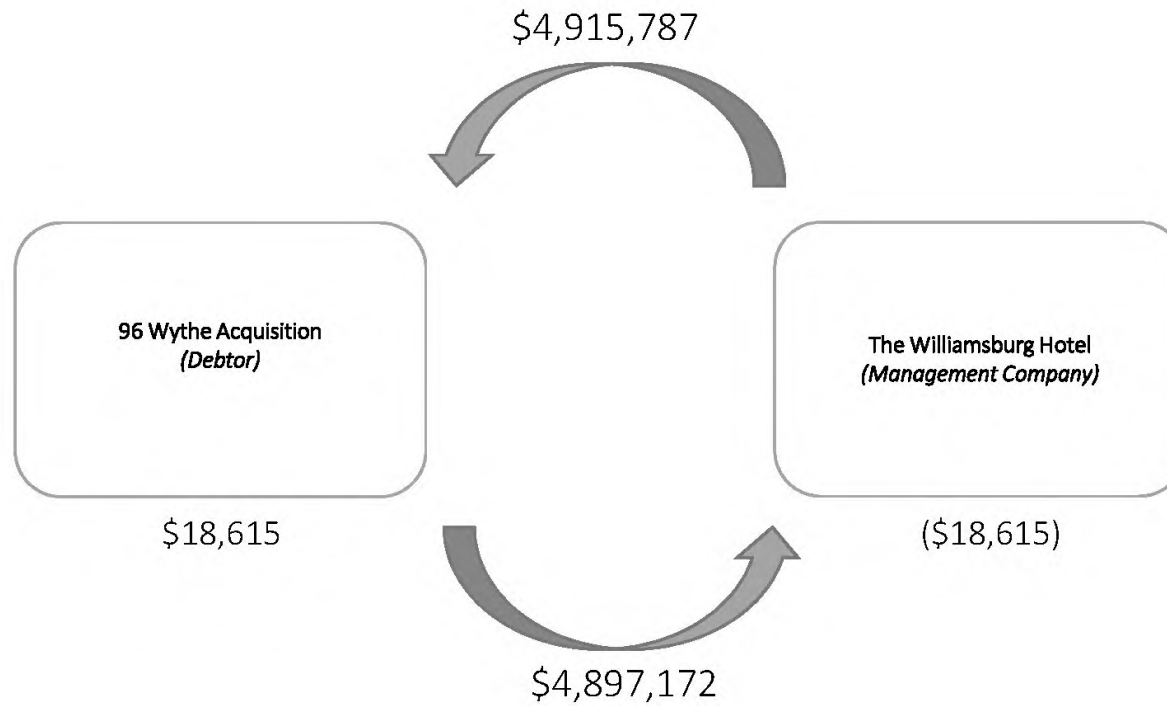

(c) Round Trip Transfers of Funds Between Debtor and Manager

The following chart shows the funds inflows and outflows between the Manager and Debtor:

Over the course of the four year period prior to the Petition Date, the Principals transferred and received a substantially identical amount of money from the Manager to the Debtor and from the Debtor to the Manager. The difference between the transactions was approximately \$18,000. Nothing indicates that the fee arrangement contemplated by the November Agreement or the December Agreement was ever implemented. Instead, the Manager simply obtained all of the hotel's revenues and determined their disposition.

(3) *Mark Podgainy (Getzler Henrich & Associates LLC) Declaration*

The Debtor filed an objection to the Examiner's motion to enforce and further amend the second amended order directing the appointment of the Examiner (DI 243) (the "Examiner's Motion"), which included a redacted²⁸ declaration from Mark Podgainy ("Podgainy") of Getzler Henrich & Associates LLC ("Getzler"). The declaration stated that millions of dollars were advanced to the Debtor in the form of either capital or loans by the owners (Lichtenstein and Moskovits) through loan accounts at Northside Acquisition. Podgainy states, under penalty of perjury, that the members (Lichtenstein and Moskovits) "loaned nearly \$10.92 million to the Debtor since inception, approximately \$4.5 million of which was repaid, for a loans due to the members of approximately \$6.38M." The declaration was accompanied by three documents: (1) Owners Loans Transfer Reports, (2) Transfers from Hotel Operations to Northside and (3) Transfers from Northside to 96 Wythe. This declaration, and the schedules upon which its conclusions rest, were provided in an attempt to demonstrate that funds flowing between the Debtor and/or Manager were loans, and that the net result was amounts due to the Principals.

While the Podgainy declaration and the related documents were provided under the guise of assisting the Examiner, they impeded the Examiner's analysis because they contained numerous inconsistencies, and were neither accurate nor complete. During the Examiner's interview, Podgainy confirmed that he never looked at, and was not provided with, any loan documents or any supporting evidence that would characterize any of the amounts referenced in his declaration as loans. Podgainy simply stated that he compared the amounts on the schedules provided to him

²⁸ The declaration was redacted, despite the fact that no motion to seal was filed or granted. It is not clear why the Debtor redacted the declaration, which purported to contain information that would have required disclosure in the chapter 11 case.

to amounts on bank statements provided by the Debtor. In fact, Podgainy told the Examiner that he just took the Debtor's word that the referenced amounts were, in fact, loans.

During the Examiner's interview with Lichtenstein, the Examiner not only asked to go over these schedules, but also inquired as to the existence of any supporting loan documents. Lichtenstein refused to answer any questions regarding the purported loans, the Podgainy declaration, or the accompanying schedules. Rauch, who prepared these schedules at the direction of Lichtenstein, told the Examiner that he had never seen any loan documents for the referenced transactions. The Debtor refused to supply documentation evidencing the source of the underlying cash infusions to effectuate the purported loans, failed to produce any loan documents evidencing the alleged loans referenced in the schedules, and refused to answer any questions about these transactions and schedules.

The schedules prepared by Rauch at the direction of Lichtenstein failed to show the exact sequencing of the purported loans. From the Examiner's review of the schedules, he determined them to be flawed for several reasons, including, but not limited to, the fact that the schedules provided did not consistently apply the "loans." The bank accounts identified in the schedule "Transfers from Hotel Operations to Northside" include bank accounts in the name of the Manager and Northside. However, the bank accounts identified in the schedule labeled "Transfers from Northside to 96 Wythe" are not the same accounts. Instead, the bank accounts in the schedule labeled "Transfers from Northside to 96 Wythe" references bank accounts in the name of 96 W Development and the Debtor, *not* the Manager. An analysis of the banking with the entity 96 W Development raised more questions as to the source and uses of funds coming into and out of these accounts.²⁹ Neither the Podgainy declaration nor the related schedules distinguished the Debtor from 96 W Development.

²⁹ Between 2017 and 2020, 96 W Development received \$11.8 million, the most significant sources were 96 Wythe Acquisition LLC (\$4 million), Northside Acquisition Partners, LLC (\$3.4 million) and 564 St. John's Partners LLC (entity owned, directly or indirectly, by Moskovits and Lichtenstein – the timing of this deposit appeared to be around the same time as a loan from BSP to 564 St. John's Partners LLC) \$2.7 million. During the same period, 96 W Development disbursed funds in the amount of \$11.9 million, the most significant were checks (still to be investigated) in the amount of \$6.1 million, Situs Asset Management of \$1.2 million, Northside Acquisition \$1

The Examiner found other issues with these schedules, including, but not limited to, amounts not supported in the corresponding bank statements and inconsistent time periods.³⁰ The schedules should have contained beginning balances, and an amount or amounts available within the Northside entities that would be available for loans. The schedules did not address this critical component of loan sequencing. The schedules were simply transferred amounts shown on a bank statement documented in an excel schedule. Rauch, at Lichtenstein's direction, determined which of these amounts were "loans." Lichtenstein never demonstrated the source of the funds allegedly loaned.³¹ No documentation was presented as to the source of the funds allegedly loaned.

The Podgains declaration and supporting schedules do not show any evidence of loans. They are simply numbers on a piece of paper, created by Rauch at the direction of Lichtenstein, in an attempt to persuade the Examiner that all of the transactions were bona fide transactions. Given Podgains's extremely limited review of this information, Lichtenstein's adamant refusal to discuss this information and provide any supporting documentation, and the inconsistent application of banking transactions within the schedules, the Examiner considers the Podgains declaration and the related schedules to be unreliable, and, if they have any probative value at all, it would be to support the conclusion that the Principals intended to misdirect the investigation.

IV. Causes of Action

The investigation revealed a number of potential causes of action, and, in particular, potential constructive fraudulent conveyance claims arising from funds transferred by the Debtor or by the Manager (the initial transferee of funds).

million and Mint Development (an entity owned, directly or indirectly, by Michael Lichtenstein) in the amount of \$561,000. There are numerous other payments that appear to be of a non-business nature.

³⁰ As an example, the schedule included amounts prior to 2017.

³¹ A preliminary review of the Northside Acquisition, LLC bank accounts associated with these purported loan schedules revealed tens of thousands of dollars paid directly to both Moskovits and Lichtenstein. Additionally, the bank statements showed the same pattern of numerous transfers among and between both the Debtor and Manager, as well as numerous other Principal unrelated entities e.g., 564 St. John's Partners, LLC, 232 Siegel, LLC and others. There also appeared to be evidence of other "loans", the sourcing of which may have originated with the Debtor and/or Manager. Moskovits is an authorized signer on the Northside bank accounts.

Due to the extreme resistance on the part of the Principals, and other obstacles encountered by the Examiner, at the time of the submission of this report, the Examiner does not have all the information needed to completely evaluate all possible causes of action, including claims against the Manager or other insiders on theories such as breach of contract, conversion, or breach of fiduciary duty. While a prima facie case can be made to avoid many of the transactions described in this report, others transactions warrant further review and investigation.

A. Pre-Petition Transfers

The below chart details transferees that received funds from the Debtor and/or the Manager within four years prior to the Petition Date for which no bases or documentation has been provided. These transfers are potentially avoidable as unsupported by consideration.

<u>Transferor</u>	<u>Transferee</u>	<u>Date³²</u>	<u>Amount³³</u>
Manager	Northside	Numerous	\$12,235,453
Manager	564 St. John's Partners, LLC	Numerous	\$32,575
Manager	286 Rider Ave Acquisition, LLC	Numerous	\$105,675
Manager	Mint Development Corporation	Numerous	\$154,907
Debtor	Moshe D. Schweid	Numerous	\$65,000
Manager/Debtor	Toby Moskovits	Numerous	\$689,372
Manager/Debtor	Downtown Capital Partners	Numerous	\$33,000

³² The time periods analyzed in this table go back as far as four years prior to the petition date and therefore cover actions avoidable under New York state law (NY UVTA §§ 273, 274, 278), fraudulent conveyance actions under the Bankruptcy Code which are subject to a two year lookback period (11 U.S.C. § 548), and may include preference claims to non-insiders and to insiders (11 U.S.C. § 547).

³³ All amounts displayed in this table are net amounts. Given the sheer volume of transactions moving funds in and out of the relevant bank accounts on a daily basis, and the lack of supporting documentation evidencing the purpose of these transfers, the Examiner has been unable to tie specific transfers to amounts received incoming. Therefore, this table takes the most conservative approach by using net numbers. In other words, the tables assumes that incoming funds from an individual transferee were received in exchange for the funds transferred by the transferor. In actuality, the amounts subject to potential avoidance actions may be materially higher than those set forth in this table.

Manager	Michael Lichtenstein	Numerous	\$204,024
Debtor	Moishe C. Schwartzman	12/27/2017	\$50,000
Debtor	Miriam Gross	Numerous	\$300,250
Debtor	Pessie Schweid	1/27/2017	\$250,000
Debtor	Spectrum Origination LLC	Numerous	\$215,000
Debtor	A&E Funding	Numerous	\$260,000

The above-described transfers may be avoidable under the Bankruptcy Code as fraudulent conveyances (11 U.S.C. § 548),³⁴ or, under New York state’s law governing avoidable transfers in reliance upon the Bankruptcy Code Section 544(b), which provides that a trustee may avoid a transfer “that is voidable under applicable law by a creditor holding an unsecured claim.” 11 U.S.C. § 544(b).

An analysis of the Debtor’s solvency³⁵ will be necessary to assert constructive fraudulent transfers made by the Debtor in the time leading up to the Debtor’s bankruptcy filing and the equivalent action under New York law.³⁶ While conducting a valuation of the Debtor was outside the scope

³⁴ Pursuant to 11 U.S.C. § 548, a transfer of the Debtor’s property or an interest therein made or incurred within 2 years prior to the bankruptcy filing date may be avoided if the debtor “(A) made such transfer or incurred such obligation with actual intent to hinder, delay, or defraud any entity to which the debtor was or became, on or after the date that such transfer was made or such obligation was incurred, indebted; or (B) (i) received less than reasonably equivalent value in exchange for such transfer or obligation; and (ii) (I) was insolvent on the date that such transfer was made . . . or became insolvent as a result of such transfer. . . (II) was engaged in business or a transaction . . . for which any property remaining with the debtor was an unreasonably small capital; (III) intended to incur, or believed the debtor would incur, debts that would be beyond the debtor’s ability to pay as such debts matured; or (IV) made such transfer to or for the benefit of an insider, or incurred such obligation to or for the benefit of an insider, under an employment contract and not in the ordinary course of business.” 11 U.S.C. § 548.

³⁵ Whether a debtor was insolvent at the time of a transfer affects the avoidability of that transfer as either a preference or a fraudulent transfer under the Bankruptcy Code. *See* 11 U.S.C. §§ 547(b)(3); 548(a)(1)(B)(ii)(I). The Bankruptcy Code defines “insolvent” as a “financial condition such that the sum of such entity’s debts is greater than all of such entity’s property, at a fair valuation . . .” 11 U.S.C. § 32(A).

³⁶ New York enacted the UVTA, effective as of April 4, 2020. For transfers that occur on or after the effective date of the NY UVTA, the UVTA recognizes two types of avoidable fraudulent conveyances (1) claims voidable as to present and future creditors (Section 273), which includes both (a) transfers made with fraudulent intent or (b) transfers made without reasonably equivalent value when the debtor had or was about to have unreasonably small capital in relation to its business or should have believed that the debtor would incur debts beyond its ability to pay as they came due; and (2) claims voidable only as to present creditors (Section 274) which includes transfers made without fair consideration and transfers made to insiders under certain circumstances. Under New York’s Uniform

of the examination, the Debtor's financial condition and defaults under the Loan make it reasonable to believe that the Debtor was likely insolvent for some or most of the four year period prior to the Petition Date. Further, the banking records show that the Debtor regularly had unreasonably small capital and incurred debts beyond its ability to pay.

While this analysis focuses largely on constructive fraudulent conveyances under the Bankruptcy Code and the equivalent under New York law, the Examiner notes that these same transfers may be subject to challenge as intentional fraudulent conveyances. Due to the limitations and obstruction that the Examiner faced in connection with the investigation, the Examiner was unable to access the level of information necessary to establish the intent element necessary to assert an intentional fraudulent conveyance claim. Additionally, it is possible that a further analysis of these transfers on a transaction-by-transaction basis may result in additional causes of action, such as breach of fiduciary duty or avoidable preference.

Because the Examiner prioritized the investigation of large, insider transactions prior to the chapter 11 filing, and due to the constraints place on the investigation as described in this report, the Examiner did not separately assess potential preference actions under 11 U.S.C. § 547(b).³⁷ The Debtor's statement of financial affairs, in questions 3 and 4, states there were no payments made to creditors in the 90 days (and 1 year in the case of insiders) prior to the chapter 11 filing.

Fraudulent Conveyance Act of 1918 (the "UFCA"), the predecessor to the NY UVTA, there is a six year lookback period for claims for constructive fraudulent conveyance and a two year lookback period to bring claim from discovery of actual fraud. Under NY's UFCA, transfers were fraudulent under section 273(a) unless they were made for "fair consideration", which was defined by § 272 as having been provided when "in exchange for such property, or obligation, as a fair equivalent therefor, and in good faith, property is conveyed or an antecedent debt is satisfied, or . . . [w]hen such property, or obligation is received in good faith to secure a present advance or antecedent debt in amount not disproportionately small as compared with the value of the property, or obligation obtained." As with the UVTA and the Bankruptcy Code, even if fair consideration were received under the UFCA, a transfer may still be fraudulent if made "with actual intent, as distinguished from intent presumed in law, to hinder, delay, or defraud either present or future creditors," NY UFCA §276.

³⁷ Pursuant to 11 U.S.C. § 547(b), a trustee may avoid a transfer of an interest of the Debtor "(1) to or for the benefit of a creditor; (2) for or on account of an antecedent debt owed by the debtor before such transfer was made; (3) made while the debtor was insolvent; (4) made – (A) on or within 90 days before the date of the filing of the petition; or (B) between ninety days and one year before the date of the filing of the petition, if such creditor at the time of such transfer was an insider; and (5) that enables such creditor to receive more than such creditor would receive if – (A) the case were a case under chapter 7 of this title; (B) the transfer had not been made; and (C) such creditor received payment of such debt to the extent provided by the provisions of this title." 11 U.S.C. § 547(b).

The Examiner was unable to verify this and or to determine the existence of potential preference claims.

B. Post-Petition Transfers

The Examiner's investigation identified unauthorized and undisclosed post-petition transfers, including (i) the receipt of the \$350,000 EIDL grant in the name of the Williamsburg Hotel in July of 2021, which amount was transferred on August 3, 2021 from the Manager to Northside Acquisition Partners, LLC and (ii) the transfer of \$252,100 from Manager account BOA 4400 to Northside Management NY, LLC, two days after the Petition Date. These transfers may be subject to avoidance under 11 U.S.C. § 549.

V. Conclusion

The Principals entered into the BSP Loan, which the Principals knew or should have known could never be performed. In essence, the Loan was in default at the time of closing. The Principals then engaged in a scheme to siphon off any monies generated by the Debtor's hotel operations, through the illegitimate control of the Manager, to unrelated entities owned by the Principals. This scheme diverted millions of dollars from the Debtor.

In addition to the discovery of significant potential causes of action by the estate, the investigation raises significant areas of concern surrounding the conduct of the Principals, both in their roles in the multitude of challengeable transactions identified in this report, but also in their fiduciary roles in administering the bankruptcy estate, including their lack of independence.

Appendix: Examiner's Chronology of the Investigation

On November 21, 2021, the Examiner sent his first formal document and information requests (**Exhibit E**) to Debtor's counsel. Among other items requested, the Examiner sought banking documents identified in Item 8, (i.e., listing of all bank account names, account numbers, bank physical addresses held in the name of or related to the Debtor and affiliated management company or any affiliate of the Debtor or management company that either received and/or disbursed funds directly or indirectly for and on behalf of the Debtor). Following this request, Debtor's counsel (Leah Eisenberg) stated that the Examiner would be receiving a drop box on November 24, 2021, with the requested documents.

Late in the day of November 23, 2021 the Examiner received an email from Debtor's counsel (Douglas Spelfogel) that stated that there were certain confidentiality issues that needed to be resolved prior to the Debtor turning over any documents or information. Mr. Spelfogel refused to provide any information unless the Examiner signed a confidentiality agreement that would materially limit the Examiner's investigation process, including the ability to interview witnesses. Ultimately, the Court's³⁸ intervention led to a workable confidentiality protocol that resolved the Examiner's concerns.

On or about December 3, 2021 (more than two weeks after the Examiner's appointment), the Examiner received the first production of documents from the Debtor (through Debtor's counsel), comprised of only 13 bank statements and assorted credit card statements. From the review of these statements the Examiner became aware of the existence of dozens of other accounts that were linked to the Debtor and Manager accounts via online banking transfers. Tens of thousands of online banking transfers occurred among and between the Debtor, Manager and other linked bank accounts.³⁹ The Examiner requested from Debtor's counsel, in over a dozen separate emails, the bank statements for the linked accounts identified. The number of previously unidentified

³⁸ Even after the hearing, the Debtor attempted to impose additional limitations beyond what was directed by the Court.

³⁹ This is in addition to hundreds of wire transfers, Zelle payments, checks and other banking transactions.

accounts and related statements continued to expand as the Examiner reviewed additional bank statements.

While the Examiner subsequently received additional documents from the Debtor, the bulk of the information requested was still missing, including a significant number of bank account statements, as well as other banking records and information previously requested from the Debtor.

On December 14, 2021, the Debtor produced three new bank statements, two new credit card statements and a 2020 federal tax return.

In light of the Debtor's refusal to comply with the Examiner's requests, counsel to the Examiner (i) on December 16-17, 2021, issued third party subpoenas (a) requesting documents from banks holding records of accounts in the name of the Debtor, the Manager or accounts linked to the Debtor or Manager accounts and (b) seeking tax returns prepared or filed on behalf of the Debtor, the Manager, 96 W Development LLC or Northside and (ii) on December 22, 2021, filed the Examiner's Motion to both enforce and further amend the second order directing the appointment of the Examiner. The Examiner's Motion sought, among other things, to enforce the order and require the Debtor to turnover banking information. At substantially the same time, the Debtor filed a motion seeking to limit the Examiner's access to these records and to quash the third party subpoenas (DI 238) (the "Debtor's Motion").

On January 5, 2022, seven weeks after the Examiner's appointment, the Examiner received the first production since December 14, 2021, despite regular and repeated inquiries for the missing information. The January 5, 2022 production did not contain all of the requested statements, and the statements that were included were heavily redacted, such that they could not be reviewed. After the receipt of the redacted bank statements, the Examiner continued to seek immediate turnover of all of the remaining documents.

On January 10, 2022, the Court held a hearing to consider the Examiner's Motion and the Debtor's Motion. The Court denied the Debtor's Motion, granted the Examiner's Motion, and directed the Debtor to turn over the requested documents and information, including tax returns by January 14, 2022.

On January 14, 2022, at approximately 5:00 P.M., the Debtor sent (i) the bank statements for *some* of the related entities, (ii) unredacted copies of those statements that had been provided in redacted form on January 5, 2022, and (iii) one tax return for the Manager (2019).⁴⁰ Even after this submission by Debtor's counsel, there remained numerous missing bank account statements and tax returns. Subsequent to the January 14 production, the Examiner identified continued areas of non-compliance to the Debtor's counsel, as shown in **(Exhibit F)**. Debtor's counsel never provided any further documents or information relevant to this request.⁴¹ As of the date of this report, the Examiner still has not received certain bank statements for some accounts that are linked to Debtor and/or Manager accounts.

Receipt of banking records directly from the banks has proved critical to the Examiner's investigation in light of the incomplete records provided by the Debtor. For example, from the Examiner's review of documents from Bank of America, the Examiner became aware of two previously unknown and undisclosed Manager bank accounts (BOA 4400 and 3162). These accounts should have been disclosed by the Debtor in response to the Examiner's November 21, 2021 request. It was not until December 29, 2021 that the Examiner first became aware of the existence of these two Manager accounts, and not until January 14, 2022 that the Examiner was able to review any bank statements for these two accounts. The Bank of America production revealed the existence of a previously undisclosed \$350,000 EIDL Small Business Administration grant in the name of the Williamsburg Hotel (in BOA 3162). BOA 4400 revealed another undisclosed and unauthorized post-petition transfer in the amount of \$252,100 from the Manager to Northside Management NY, LLC. Notable are the sustained efforts on the part of the Debtor to conceal these particular accounts and bank statements from the Examiner.

Through review of bank statements, the Examiner identified numerous other bank accounts that were not previously known, disclosed or identified. The Examiner saw thousands of transactions conducted between these newly discovered accounts (unknown entities) via online banking

⁴⁰ Both the Debtor 2020 and Manager 2019 returns were unsigned. The accountant was subpoenaed for the same documents and did not respond. The Examiner's counsel filed a notice of non-compliance with the Court.

⁴¹ Debtor's counsel sent emails stating that he (Douglas Spelfogel) had sent these requests to the Debtor and Management for further follow up.

transfers. Between Bank of America and Chase Bank, the Debtor utilized 6 accounts; the Manager 10 accounts. The number of other unknown and undisclosed accounts, linked to these accounts was 34. The Debtor and Manager, combined, executed 48,454 transactions over 50 bank accounts.

The identification of these newly discovered bank accounts and related transactions raised a significant number of questions as to what relationships the Debtor and/or Manager had with the underlying entities. The Debtor and Manager exhibited extraordinary resistance to providing any information about the identity of the accounts and their relationship with the Debtor and/or Manager. Initially, the Debtor refused to supply any related banking records, and ultimately provided records only after the Court's direction.

The Debtor was not willing to explain the financial transactions among and between the Debtor, Manager and related entities.⁴² Those related entities include 232 Seigel Acquisition, LLC, 232 Seigel Development, LLC, Mint Development Corporation, 564 St. Johns Acquisition LLC, 564 St. Johns Holdings LLC, Northside Development Holdings, LLC, Northside Acquisition Partners LLC, 215 Moore Street Acquisition LLC, 215 Moore Street Development LLC, 875 4th Avenue Acquisition LLC, 286 Rider Ave Acquisition, LLC, Heritage GC Walton Acquisition LLC, Brooklyn Bread Lab, Building Development Corp, 96 W Development, LLC and FIA Capital Partners. Significant transfers were also sent to and received from Lichtenstein, Moskovits, and Marion (Miriam) Gross (an employee of the Debtor). The efforts that were required by the Examiner to obtain documents, data and information were extraordinary. The Examiner concluded from the actions of the Debtor and its Principals to conceal and withhold information that relevant and material information was and is still being withheld from the Examiner.

Exhibit G is a matrix of the Chase Bank and Bank of America accounts. During the course of the examination, this matrix was regularly and repeatedly sent to Debtor's counsel as additional accounts were identified. The matrix was sent to Debtor's counsel (Douglas Spelfogel) on December, 3, 4, 5, 6, 10, 14, 16, 17 and 20 and January 6, 11, 18, 19, 21, 22 and 24. In each of

these emails the Examiner inquired as to when he would be receiving the missing bank statements.⁴³ In virtually all instances the response the Examiner received was vague. In addition to the statements, the Examiner also asked for verification as to when certain accounts were either opened or closed. The Debtor had previously represented to the Examiner that a transition from Chase to Bank of America had occurred.⁴⁴ The Debtor failed to turn over bank statements and information for approximately 34 bank accounts. The document attached as Exhibit F (Examiner's Identification of Outstanding Requests) was sent to Debtor's counsel on January 21, 22, 24, 25, 26 and February 1, 2022. The Debtor and/or Debtor's counsel never provided responses to these continued deficiencies. For reference, those accounts identified by an X were those obtained from either the OUST, the case docket or BSP. Those identified by an S were those provided by Debtor's counsel (Douglas Spelfogel). Those identified by a C came from Chase Bank; those with a B came from Bank of America.

In addition to his review of bank statements and documents received from the Debtor, the Chief Restructuring Officer, and through the third-party subpoenas issued, the Examiner conducted a series of interviews.

The Examiner interviewed **Jeremy Rauch** ("Rauch"), Director Finance for the Debtor,⁴⁵ on three separate occasions. The purpose of these interviews was to gain an understanding of how funds flowed between the Debtor and Manager and understand the reasons behind the expansive network of unrelated transactions. During the first two interviews, Rauch was represented by Leah

⁴³ Missing statements could be identified by empty cells on the matrix. Debtor's counsel would repeatedly state that the accounts were either opened with the first statement provided or closed after the last statement provided. Many of the account statements did not support this explanation, as they were either the first statement in a sequence had an opening balance of the last statement had a closing balance. This pattern led to the Examiner's insistence that the Debtor provide third party evidence of account opening and closing. This third party evidence was first provided on January 20, 2022, 9 weeks after the Examiner's appointment and seven weeks after first requesting this information from Debtor's counsel. The information provided on January 20, 2022 was incomplete and inconclusive.

⁴⁴ Six weeks after inquiring of the Debtor to provide evidence of account opening and closing, the Examiner was informed that the Debtor did not make a written request for this information. The Examiner was informed that the Debtor simply made a phone call inquiry. Subsequently, the Debtor did provide communication from the banks on account opening and closing. However, this communication only included information on less than 25% of the accounts.

⁴⁵ Jeremy Rauch's LinkedIn page indicates that he is the Director Finance for Heritage Equity Partners (Heritage). Heritage is an entity owned by Moskovits and Lichtenstein. Rauch is shown as the Director of Finance of Heritage on the Heritage website.

Eisenberg, counsel for the Debtor. During the second interview the Examiner found him to be guarded, but less so than in the first interview. During the third interview, Mr. Rauch was not represented by counsel, and he was much more forthcoming. Rauch provided some of the information requested. However, he would often defer his ability to answer questions to “ownership”. As an example, when the Examiner inquired why there were thousands of transactions between the Debtor and Manager and unrelated entities, he stated that the Examiner needed to speak with “ownership”. When the Examiner asked him why there were millions of dollars transacted between the Debtor, Manager and Northside, Rauch referred the question to Lichtenstein.

The Examiner interviewed **Toby Moskovits** once during the investigation. The purpose of this interview was to understand the organizational structure of the Debtor and Manager. Douglas Spelfogel and Leah Eisenberg were both present during the interview. The Examiner was represented by Stephanie Wickouski. The Examiner found Moskovits to be combative, hostile and uncooperative. Given her behavior, the Examiner decided it would not be a good use of time to consider a second interview.

The Examiner interviewed **Miriam Gross** (“Gross”)⁴⁶ once during the investigation. She is an employee of the Debtor. The purpose of this interview was to understand the background regarding alleged loans provided by Gross to the Debtor/Manager. Gross stated she was not represented by counsel. She stated that her role with the Debtor was in Human Resources (“HR”) and only included matters associated with insurance claims, insurance coverage and related policies. Gross stated during the interview that she loaned monies to the Debtor, but refused to supply detailed information regarding amounts, timing and repayments. At times during the interview, she was vague or inconsistent in her recollection of the amounts that she allegedly loaned the Debtor. Gross refused to turn over bank statements for accounts in her name which were linked to the Debtor’s accounts and which reflected significant online transfers. Ms. Gross’s partial banking information showed large (hundreds of thousands of dollars) of unexplained

beginning balances. The Debtor's records indicated that \$298,000 was sent from Gross to the Debtor and/or Manager.

Following the interview, Gross sent Judge Drain (and the Examiner) a letter with links to certain banking information. This banking information was not complete and raised more questions. Subsequent to the interview, the Examiner learned that Gross's role included not only HR but preparation of financial schedules and MORs. The Examiner requested a second interview with Gross, which she refused.

The Examiner interviewed **David Goldwasser** ("Goldwasser") on four different occasions. The purpose of these interviews was to understand what efforts Goldwasser had undertaken to restructure the Debtor and what information he may have relevant to financial transfers and/or transactions. Goldwasser was represented by counsel in the last three interviews. During the first interview, on November 23, 2021, the Examiner asked Goldwasser to provide documentation regarding his role as CRO. He refused to supply this information and stated that this was beyond the scope of the examination. During the second, third, and fourth interviews (January 19, 25 and February 8, 2022), Goldwasser was represented by counsel (Bonnie Pollack). These interviews were more productive than the initial interview. Prior to the third interview, Goldwasser's counsel sent thousands of pages of documents responding to requests from November 23, 2021. These documents contained both court pleadings, declarations (drafts and finals) and numerous emails among and between Goldwasser, Moskovits, Lichtenstein, Gross, Rauch, Spelfogel, Eisenberg and others. Many of these have been claimed as privileged and therefore their content is not discussed in this report.

During the fourth interview, Goldwasser reported that Gross was part of the team that created the bankruptcy schedules, statement of financial affairs and monthly operating reports. Goldwasser stated that he did not create one single document of work product related to his role as CRO, other than the emails that he produced to the Examiner. In addition, through the Examiner's interviews of Goldwasser, the Examiner learned that FIA Capital Partners, which was a recipient of significant transfers from the Debtor/Manager is owned, directly or indirectly, by Goldwasser. Goldwasser caused to be formed another entity FIA Heritage Holdings LLC ("HH"). HH procured loans for the benefit of the Debtor and/or Manager. Goldwasser subsequently divested himself of

his interest/involvement with HH. Additionally, Goldwasser made personal loans to the Debtor and/or Manager in the amount of approximately \$250,000.

The Examiner interviewed **Mark Podgainy** (“Podgainy”) telephonically on January 13 and 14, 2022. Podgainy is a Managing Director for Getzler. Getzler is a middle market turnaround and restructuring firm founded in 1968. Getzler was retained in the case as financial advisor (“Advisor”) to the Debtor. The purpose of this interview was to discuss his role as Advisor as well as efforts related to a declaration he signed on January 4, 2022 under penalty of perjury, in connection with the Debtor’s objection to the Examiner’s Motion. The declaration referenced several documents prepared by Rauch, at the direction of Lichtenstein. Those documents were intended to advance a theory that the monies that flowed between the Debtor/Manager and unrelated entities (e.g., Northside) were loans.⁴⁷ The Examiner asked Podgainy what efforts he undertook to verify the accuracy of the schedules. Podgainy told the Examiner that he was supplied with bank statements by the Debtor in a drop box and he compared amounts on the schedules to amounts on the bank statements. Podgainy confirmed that he did not ask for, and was not supplied with, any loan documents related to these schedules. The Examiner also inquired of him whether he verified that the entity that supplied the alleged loan had the liquidity or financial capacity to provide the loan. Podgainy confirmed that he did not verify any aspect of the lender’s ability to make the loans. The Examiner found Podgainy to both cooperative and transparent. However, the Examiner questions the reliability of this declaration and supporting documents. The absence of any third-party verification to the existence of loans should have been the cornerstone of the declaration. Podgainy told the Examiner that “...if you (Huebscher) and I did this we would be doing it differently...” The implications of the Podgainy declaration are discussed further in this report.

The Examiner interviewed and met with **Michael Lichtenstein** once during the investigation, at the hotel on February 1, 2022. Lichtenstein was unprofessional and hostile. Several times during the interview he told the Examiner that the Examiner was both “stupid” and a “liar”. He also used profanity on several occasions. Lichtenstein refused to answer questions regarding the November Agreement, taxes, tax returns, the existence of loan documents and/or schedules, the location of

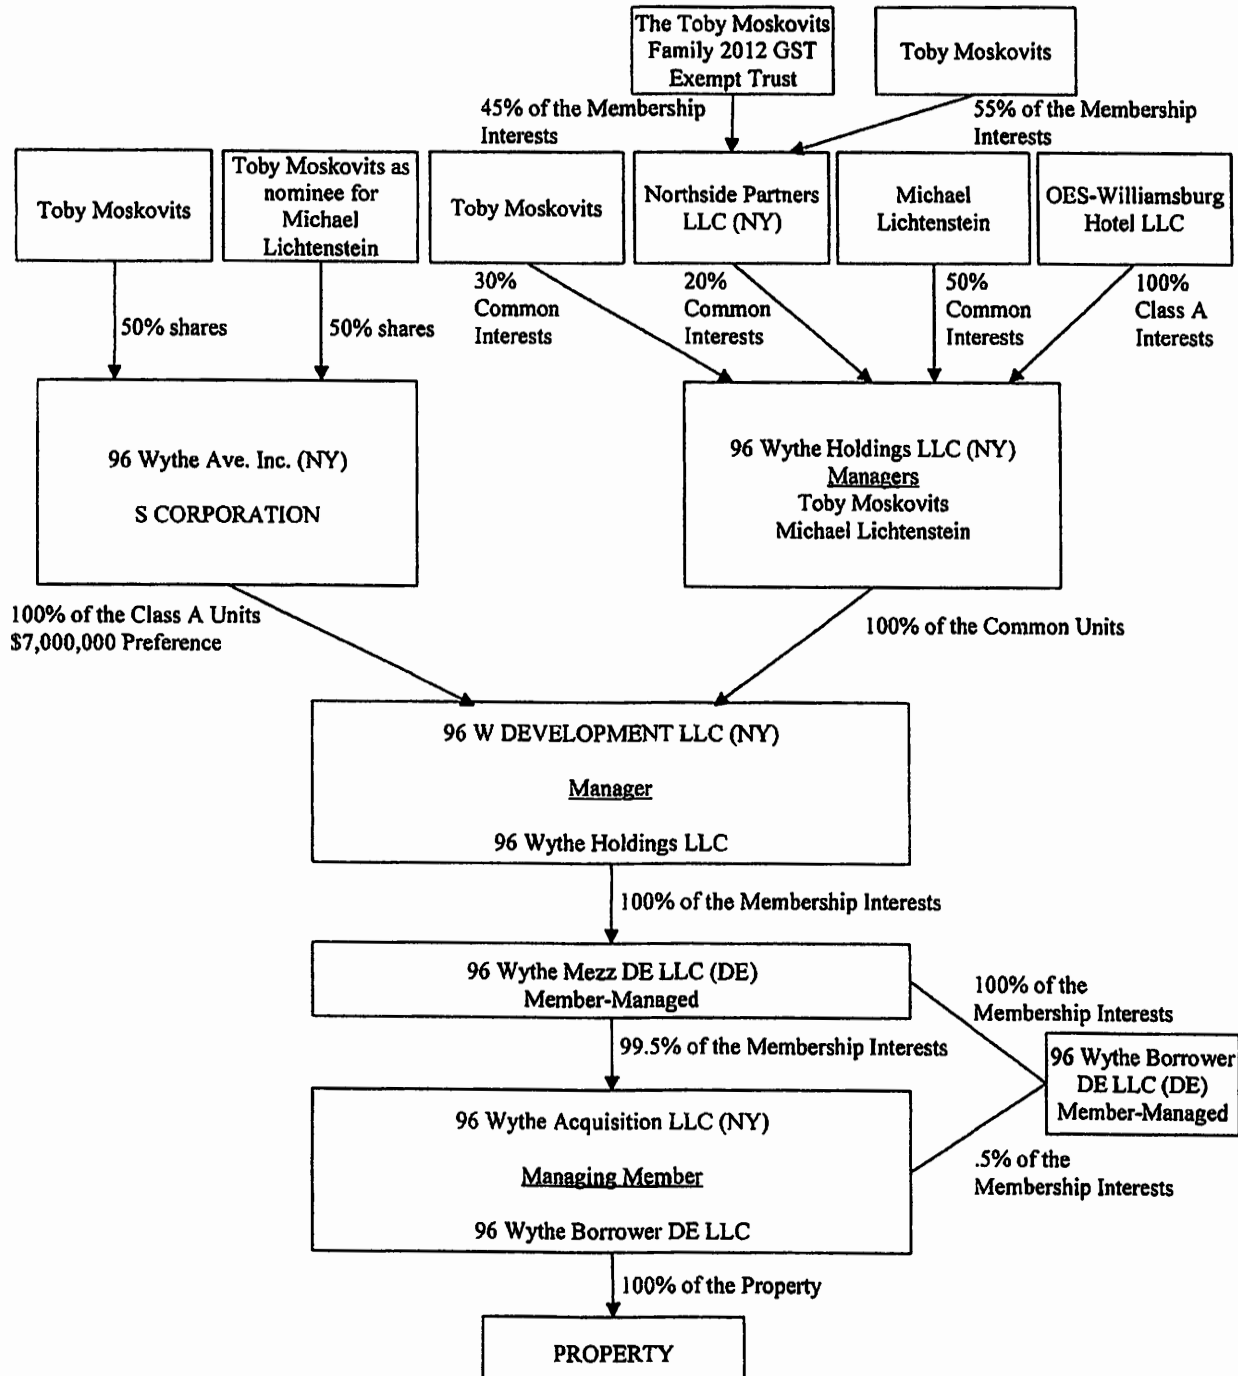

⁴⁷ Rauch told me that Lichtenstein instructed him to construct these schedules in mid/late-December 2021.

any loan documents and/or schedules, the ownership of entities that either received or sent monies to the Debtor and/or Manager. Virtually all of Lichtenstein's answers were vague, incomplete and non-responsive. The Examiner specifically asked Lichtenstein why there were thousands of financial transactions between and among the Debtor, Manager and numerous unrelated entities. Lichtenstein stated that this was not part of the examination, and he would not answer the question.

During the interviews with Gross, Lichtenstein and Moskovits there appeared to be a common theme and response to identical questions. All three were less than forthcoming. This lack of cooperation increased the time needed to conduct the investigation and associated costs, and raises concerns regarding the honesty and transparency of the Principals.

(a) Owner shall indemnify, defend, and hold Manager and its Affiliates and their respective directors, members, trustees, officers, employees, agents and assigns (collectively, "Manager Indemnified Parties") harmless from and against any and all claims, demands, damages, cost, expense, actions (including enforcement proceedings initiated by any government agency), penalties, suits, and liabilities (including the cost of defense, settlement, appeal, reasonable attorneys' fees and costs and any other amounts that Manager is required to pay to third parties in connection with such matters) which they or any of them may have alleged against them, incur, become responsible for, or pay out for any reason related to the design, management, operation or maintenance of the Hotel or the performance by Manager of the responsibilities and obligations provided in this Agreement, provided, however, that in no event shall Owner's indemnification obligations cover or extend to conduct of Manager or any of Manager's Affiliates that constitutes gross negligence, willful misconduct or fraud. In case of any action, suit or proceeding

brought against Manager arising from or relating to matters covered by the indemnity Manager will notify Owner of such action, suit or proceeding, and Manager may, at Owner's expense, by notice to Owner, elect to defend such action, suit or proceeding or cause the same to be defended. Any compromise, settlement or offer of settlement of any claim, action or proceeding that Owner shall be obligated to indemnify Manager Indemnified Parties pursuant to the terms of this Agreement shall require the prior written consent of Manager; provided that no such consent shall be required for any such compromise, settlement or offer which provides for a full release of Manager and its Affiliates.

Owner acknowledges that the projections contained in each proposed Budget and the Approved Budget are estimates and are subject to and may be affected by changes in financial, economic and other conditions and circumstances beyond Manager's reasonable control, and the giving of such

projections shall not be construed as a guarantee or warranty by Manager to Owner of any matter or in any way whatsoever.

If Manager is not reimbursed by Owner within five (5) days after Manager so provides such additional funds, Manager may reimburse itself (with interest as set forth above) out of the Operating Account. Prior to the expiration of the first Fiscal Year, in order to allow the Hotel to stabilize, Manager shall not be required to make the foregoing monthly disbursements to Owner but shall use commercially reasonable efforts to disburse excess funds to Owner in Manager's discretion. Manager's willingness to defer payment of Management Fees shall not constitute a waiver of monies due to the Manager.

Initially capitalized terms used but not defined herein shall have the meanings set forth in the Loan Agreement.

B. The Loan is secured by, among other things, the Security Instrument, which grants Lender a first lien on the Property.

C. Borrower and Manager have agreed that Manager will manage the Property on terms set forth on Exhibit A attached hereto (the "Hotel Management Agreement") and Manager is entitled to certain hotel management fees (the "Hotel Management Fees") thereunder.

D. Lender requires as a condition to the making of the Loan that Borrower assign the Hotel Management Agreement to Lender and that Manager subordinate its interest in the Hotel Management Fees in lien and payment to the Security Instrument as set forth below.

AGREEMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Assignment of Hotel Management Agreement. As additional collateral security for the Loan, Borrower hereby conditionally transfers, sets over and assigns to Lender all of Borrower's right, title and interest in and to the Hotel Management Agreement, said transfer and assignment to automatically become a present, unconditional assignment, at Lender's option, in the event of a default under the Loan Agreement or any of the other Loan Documents and the failure of Borrower to cure such default within any applicable grace period.

2. Subordination of Hotel Management Agreement. Manager hereby agrees that the Hotel Management Agreement, the Hotel Management Fees and any and all liens, rights, privileges and interests (whether choate or inchoate and including, without limitation, all mechanic's and materialmen's liens under applicable law) owed, claimed or held by Manager in and to the Property pursuant to the Hotel Management Agreement or otherwise, are and shall be in all respects subordinate and inferior in lien, payment and terms to the lien, payment and terms of the Security Instrument, the Note, the Loan Agreement and the other Loan Documents, and to any renewals, extensions, modifications, assignments, replacements or consolidations thereof, and to the rights, privileges and powers of Lender thereunder.

3. Estoppel. Each of Borrower and Manager represents and warrants that (a) the Hotel Management Agreement is in full force and effect and has not been modified, amended or assigned other than pursuant to this Assignment and constitutes the entire agreement between Manager and Borrower with respect to management of the Property, (b) neither Manager nor Borrower is in default under any of the terms, covenants or provisions of the Hotel Management Agreement and neither Borrower or Manager knows of any event which, but for the passage of time or the giving of notice or both, would constitute an event of default by either Borrower or Manager under the Hotel Management Agreement, (c) neither Manager nor Borrower has commenced any action or given or received any notice for the purpose of terminating the Hotel Management Agreement, (d) the Hotel Management Fees and all other sums due and payable to Manager under the Hotel Management Agreement have been paid in full, as of the date hereof, and (e) Manager is aware that the Leases and the Rents relating to the Property have been assigned to Lender pursuant to the Loan Documents.

4. Agreement by Borrower and Manager. Borrower and Manager hereby agree (a) not to materially amend, modify, replace, substitute, cancel or terminate the Hotel Management Agreement without Lender's prior written consent which will not be unreasonably withheld, delayed or conditioned and (b) that in the event of a default (continuing beyond any applicable grace or cure period) under the Note, the Security Instrument, the Loan Agreement or any of the other Loan Documents (each, an "Event of Default") during the term of this Assignment or upon the occurrence of any event which would entitle Lender to terminate, or cause the termination of, the Hotel Management Agreement in accordance with the Loan Agreement, Lender may require Borrower to terminate the Hotel Management Agreement and require Manager to transfer its responsibility for the management of the Property to a Qualified Manager in accordance with the terms of the Loan Agreement, effective as of the date set forth in Lender's notice to Manager. In such event, Manager shall apply all rents, security deposits, issues, proceeds and profits of the Property in accordance with Lender's written directions to Manager. Notwithstanding anything to the contrary contained herein or in any other Loan Document, so long as Manager is the initial Manager named herein, Lender shall not exercise its rights under this Section 4 or Section 5 hereinbelow unless either (i) a monetary Event of Default

(including failure to repay the Debt on the Maturity Date) has occurred and is continuing or (ii) a Default or an Event of Default attributable or relating to, or arising from, any acts, omissions, circumstances, conditions or events giving rise to liability under Article 12 of the Loan Agreement has occurred.

5. Lender's Right to Replace Manager. In addition to the foregoing, in the event that Lender, in Lender's reasonable discretion, at any time during the term of this Assignment, determines that the Property is not being managed in accordance with generally accepted management practices for properties similar in location, size, class, use, operation and value as the Property, Lender may deliver written notice thereof to Borrower and Manager, which notice shall specify with particularity the grounds for Lender's determination. If Lender reasonably determines that the conditions specified in Lender's notice are not remedied to Lender's reasonable satisfaction by Borrower or Manager within thirty (30) days from receipt of such notice or that Borrower or Manager have failed to diligently undertake correcting such conditions within such thirty (30) day period, Lender may direct Borrower to terminate Manager as manager of the Property and terminate the Hotel Management Agreement and to replace Manager with a Qualified Manager in accordance with the terms of the Loan Agreement, in which event Manager shall apply all rents, security deposits, issues, proceeds and profits of the Property in accordance with Lender's written directions to Manager.

6. Hotel Management Fees.

(a) Borrower and Manager hereby agree that Manager shall not be entitled to receive any Hotel Management Fees or other fee, commission or other amount payable to Manager under the Hotel Management Agreement from and after the occurrence of an Event of Default; provided, however, that notwithstanding anything to the contrary contained herein, Manager shall not be obligated to return or refund to Lender any Hotel Management Fees or other fee, commission or other amount received by Manager prior to the occurrence of the Event of Default, and to which Manager was entitled under the Hotel Management Agreement and this Assignment.

(b) Neither Manager nor any other Person shall be entitled to a termination fee, liquidated damages or any other fees or payments as a result of the replacement of Manager pursuant to the terms of this Assignment or the Loan Agreement.

(c) Manager agrees that, notwithstanding anything to the contrary contained in the Hotel Management Agreement, Manager shall not be entitled to receive compensation for its services conducted in connection with the Property in excess of three percent (3.0%) of gross rent collected from the Property.

7. Consent and Agreement by Manager. Manager hereby acknowledges and consents to the terms and provisions of this Assignment and Article 8 and Section 4.20 of the Loan Agreement. Manager agrees that it will act in conformity with the provisions of this Assignment, such provisions of the Loan Agreement and Lender's rights hereunder or otherwise related to the Hotel Management Agreement. In the event that the responsibility for the management of the Property is transferred from Manager in accordance with the provisions hereof or otherwise, Manager shall fully cooperate in transferring its responsibility to a new

management company and effectuate such transfer no later than thirty (30) days from the date the Hotel Management Agreement is terminated. Further, Manager shall (a) not contest or impede the exercise by Lender of any right it has under or in connection with this Assignment and (b) give at least thirty (30) days prior written notice to Lender of its intention to terminate the Hotel Management Agreement or otherwise discontinue its management of the Property. After exercise of Lender's rights under Section 1 of this Assignment, (i) Manager shall, subject to the terms and conditions contained herein, continue to provide management services in accordance with, and to the extent provided for in, the Hotel Management Agreement (and, if applicable, shall continue to maintain the liquor licenses at the Property for and on behalf of Lender and shall cooperate with Lender in any application by Lender to obtain new liquor licenses) and shall take no further instruction from Borrower or any Person (other than Lender) in connection therewith and (ii) neither Lender nor any successor owner of the Property shall be responsible or liable for any representation or warranty made by Borrower under the Hotel Management Agreement or for any act, omission or default by Borrower under the Hotel Management Agreement which occurred prior to exercise of Lender's rights under Section 1.

8. Termination. At such time as the Loan is paid in full and the Security Instrument is released or assigned of record, this Assignment and all of Lender's right, title and interest hereunder with respect to the Hotel Management Agreement shall terminate.

Neither Borrower nor Manager shall have the right to assign or transfer its rights or obligations under this Assignment without the prior written consent of Lender, as provided in the Loan Agreement, and any attempted assignment without such consent shall be null and void.

12. Inapplicable Provisions. If any provision of this Assignment is held to be illegal, invalid or unenforceable under present or future laws effective during the term of this Assignment, such provision shall be fully severable and this Assignment shall be construed and

enforced as if such illegal, invalid or unenforceable provision had never comprised a part of this Assignment, and the remaining provisions of this Assignment shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by its severance from this Assignment, unless such continued effectiveness of this Assignment, as modified, would be contrary to the basic understandings and intentions of the parties as expressed herein.

The governing law and related provisions set forth in Section 15.4 of the Loan Agreement are hereby incorporated by reference as if fully set forth herein (with Borrower and Manager substituted in all places where Borrower appears thereunder) and shall be deemed fully applicable to Borrower and Manager hereunder. 16. Duplicate Originals, Counterparts. This Assignment may be executed in any number of duplicate originals and each duplicate original shall be deemed to be an original. This Assignment may be executed in several counterparts, each of which counterparts shall be deemed an original instrument and all of which together shall constitute a single Assignment. The failure of any party hereto to execute this Assignment, or any counterpart hereof, shall not relieve the other signatories from their obligations hereunder.

17. Number and Gender. Whenever the context may require, any pronouns used herein shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural and vice versa.

18. Secondary Market. Lender may sell, transfer and deliver the Note and assign the Security Instrument, this Assignment and the other Loan Documents to one or more investors in

the secondary mortgage market and, in connection with such sale, Lender may retain or assign responsibility for servicing the Loan, including the Note, the Security Instrument, this Assignment and the other Loan Documents, or may delegate some or all of such responsibility and/or obligations to a servicer including, but not limited to, any subservicer or master servicer. All references to Lender herein shall refer to and include any such servicer to the extent applicable.

19. Lender's Reliance on Representations. Manager has executed this Agreement in order to induce Lender to accept the Security Instrument and the Loan Documents and with full knowledge that Lender shall rely upon the representations, warranties and agreements herein contained, and that but for this Assignment and the representations, warranties and agreements herein contained, Lender would not take such actions.

20. Management. Borrower and Manager hereby agree that Manager will perform the management services for the Property set forth in the Hotel Management Agreement.

21. Manager Not Entitled to Gross Revenues. At all times during the term of the Loan, all portions of the Rents, security deposits, issues, proceeds, profits and other revenues of the Property collected by Manager, if any, shall be handled and applied in accordance with Article 8 of the Loan Agreement. Manager acknowledges and agrees that all portions of the Rents, security deposits, issues, proceeds, profits and other revenues of the Property collected by it shall be solely in its capacity as the agent for the Borrower, such monies are the sole property of the Borrower, encumbered by the lien of the Security Instrument and other Loan Documents in favor of Lender and Manager has no right to, or title in, such monies except as provided in the Management Agreement, or at law or equity. In any bankruptcy, insolvency or similar proceeding involving the Manager, or any trustee acting on behalf of the Manager, waives any claim to such monies other than pursuant to the terms and conditions of the Management Agreement or at law or equity.

22. Miscellaneous.

(a) Wherever pursuant to this Assignment (i) Lender exercises any right given to it to approve or disapprove any matter, (ii) any arrangement or term is to be satisfactory to Lender, or (iii) any other decision or determination is to be made by Lender, the decision of Lender to approve or disapprove such matter, all decisions that arrangements or terms are satisfactory or not satisfactory to Lender and all other decisions and determinations made by Lender, shall be in the sole and absolute discretion of Lender and shall be final and conclusive, except as may be otherwise expressly and specifically provided herein.

(b) Wherever pursuant to this Assignment it is provided that Borrower shall pay any costs and expenses, such costs and expenses shall include, but not be limited to, reasonable legal fees and disbursements of Lender.

(c) If more than one Person has executed this Assignment as "Borrower" or as "Manager," the obligations of all such Persons hereunder shall be joint and several.

23. Inconsistencies. In the event of any inconsistency between the terms and conditions of this Assignment and the terms and conditions of the Hotel Management Agreement, the terms and conditions set forth in this Assignment shall govern.

Chapter 11

Case No. 21-22108 (RDD)

**SUPPLEMENTAL REPORT AND REBUTTAL
OF EXAMINER, ERIC M. HUEBSCHER**

March 21, 2022

INTRODUCTION

The Examiner submits this supplemental and rebuttal report in order to respond to the Debtor's allegations of "flaws" in the Examiner's report filed on February 28, 2022 [ECF # 418] (the "Report"). Certain alleged "flaws" were raised for the first time in a "Counter Report and Response to Examiner's Preliminary Draft Report" authored by Michael Lichtenstein [ECF # 420] (the "Counter-Report")¹ and reiterated in the *Debtor's Response to the Lender's Supplemental Objection to Confirmation of Debtor's Second Amended Chapter 11 Plan of Reorganization* [ECF # 464] (the "Debtor's Response") filed on March 17, 2022.

None of the alleged flaws were raised with the Examiner directly at any time, much less within the timeframe set by the Court for comments. The draft report was provided to the Debtor on February 17, 2022, and the Examiner requested comments be provided as soon as possible. Because the Debtor would not commit to providing comments by a date certain to allow the Examiner to consider the comments and thereafter file the final report, the Examiner requested the Court set a deadline for the Debtor to provide comments. The Court directed that the Debtor provide the Examiner comments raising any errors or omissions by February 28, 2022 at 5:00 pm. [ECF # 415]. The Debtor provided no comments by this deadline, and provided only one comment (raising a confidentiality concern, not a factual error) after the deadline. The Examiner made the requested change prior to the filing of the Report. Instead of providing the Examiner comments, the Debtor filed the Counter-Report, criticizing the Examiner's methodology and conclusions in broad terms.

¹ The Counter-Report was filed at 8:26 pm on February 28, 2022, a few hours after the Report.

The Debtor baldly states the Report contains “elementary accounting errors”, Debtor’s Response ¶ 3, but fails to provide any specific basis for such charge. Notably, the Debtor’s accusations are not supported by the declarations of any accountant (much less a qualified forensic accountant).

In fact, neither the Counter-Report nor the Debtor’s Response are accompanied by any supporting documentation or evidence.² While the Debtor alludes to evidence and documentation (such as alleged insider loan documents), but there is reason to question their existence – especially alleged documentation that is being proffered now, for the first time, over a year into the case and weeks after the Report was filed.

At no point during the course of the examination did the Debtor or counsel to the Debtor provide any unsolicited³ documents or information to the Examiner, either as to assist with the examination or to refute any aspect of the Report. At no time during the course of this investigation did any member of Debtor management, counsel to the Debtor, or any person familiar with the Debtor’s finance and operations voluntarily offer information or documents. Rather than freely offer information, when the Examiner requested information, he was met with relentless resistance

² The Report, on the other hand, is supported by over 10,000 pages of bank records and hundreds of pages of other documents, as well as numerous pages of financial analysis prepared by the Examiner. The latter has been requested by several other parties in the case, but not by the Debtor. The fact that the Debtor attacks the methodology of the Report without any review whatsoever of the Report’s detailed analysis, in itself demonstrates that the Counter-Report and Debtor’s Response are not credible.

³ The only documents that the Debtor supplied, through counsel to the Debtor, were those from the initial document request of November 21, 2021. All other documents were only obtained as a result of litigation, court conferences and hearings. As reflected in the Report, there was a concerted effort designed to thwart the investigation and conceal critical information.

Alleged Flaw #2: The \$92 million in funds received and disbursed by the Debtor and its Manager reflects double counting.

Examiner's Response: There is no double counting of funds in the \$92 million number. Pages 13 and 15 of the Report show the funds flow for each of the Debtor and Manager. These are two separate and distinct streams of funds from separate bank accounts.

The total funds flow show on page 13 is \$24,456,246 (labeled as total deposits). The total funds flow shown on page 15 is \$68,245,883 (labeled as deposits). The total of these two numbers is \$92,702,129. The amounts shown on pages 13 and 15 are mutually exclusive amounts and derived from different sources. The Report referred to the aggregate of the Manager and Debtor funds flow in order to demonstrate the overall level of funds which circled through the hotel and its Manager during the pre-bankruptcy period, especially given the absence of any tax reporting for most of this time period.

Alleged Flaw # 3: The Examiner ignored that the millions in transfers to the Debtor's insiders were all repayment of loans, some of which are still outstanding.

Examiner's Response: The Examiner did not ignore any document or fact presented to him. There is no credible evidence of the alleged \$30 million in loans from insiders. The existence of insider loans was not previously disclosed in the case, either in the bankruptcy schedules, the plan or the disclosure statement, nor was a proof of claim filed in connection with such alleged loans. As detailed in the Report, the Debtor did not provide any documents substantiating loan arrangements between and among the Debtor, Manager and affiliated companies. Not only were loan documents not provided, but there was no other evidence that would support the characterization of these transfers as repayment of loans. In the Examiner's interview, Mark Podgainy stated that he was not provided with any loan documents and he did not look behind the

data in the schedules provided to him. Further, Jeremy Rauch, who prepared the schedules for Podgainy to review, stated twice that he had never seen any loan documents. In fact, when the Examiner asked Rauch about the loan classification of the amounts shown on the Podgainy schedules, his reply was that Lichtenstein instructed him to classify the amounts as loans. The amounts on the Podgainy schedules were not shown as loans on the books and records of the Debtor.

The Debtor's Response, for the first time, states that loan documents exist and were given to Benefit Street, suggesting that the Examiner was remiss in not reviewing them.⁵ Upon inquiry, the Examiner learned that putative loan documents recently materialized for the first time and were given to Benefit Street more than a week after the Report was filed. The Examiner has never been provided with a copy of these purported loan documents (or, for that matter, any supporting banking information, or books and records of the Debtor and/or Manager that might support the existence of loans). The only reasonable inference that can be drawn is that loan documents did not exist prior to or during the investigation period.

The totality of the record in the case weighs against the existence of bona fide loans from Northside, including (1) the absence of any disclosure of these alleged loan obligations in the Debtor's schedules; (2) the absence of any mention of these alleged loan obligations in the Debtor's plan or disclosure statement; (3) the absence of any proof of claim filed in connection with such alleged claims; (4) the failure to produce any loan documents to the Examiner; (5) the absence of any mention of loan documentation in the Counter-Report; despite assertions of

⁵ "The Examiner complains that he did see not loan documents (which were provided to Benefit Street)." Debtor's Response, p. 4. The Debtor deceptively implies that Benefit Street had these documents all along - which it did not, since the documents proffered by the Debtor only materialized a few days ago.

millions in alleged loans; and (6) the extremely belated production of putative loan documents to a creditor (not to the Examiner) after the filing of the Report.

Alleged Flaw # 4: The Report ignored the hotel's operating expenses,

Examiner's Response: The Report explicitly recognized and credits operating expenses.

See Report, p 15. In fact, the Examiner gave the benefit of the doubt with respect to any transfers that on their face appeared to be payments to vendors or that might be an operating expense.

Alleged Flaw # 5: The Examiner falsely claims that certain bank accounts were hidden from him.

Examiner's Response: The record reflects the extraordinary efforts on the part of the Debtor to conceal certain accounts, particularly two accounts that reflected unauthorized post-petition transfers totaling over \$600,000.

CONCLUSION

The Report is the result of a careful review and precise analysis of tens of thousands of financial transactions, based on documents obtained directly from the Debtor's banks. The Debtor's Response's characterization of the Report as "fatally flawed" shows either a misunderstanding or mischaracterization of the work that was performed, or both. While the Report raises significant concerns about the lack of independence by the Principals, the promulgation of Counter-Report and Debtor's Response significantly amplifies these concerns.

As described in the Report, the investigation uncovered evidence that tens of millions of dollars circled among several commonly controlled entities (including the Debtor), often without

any apparent business purpose, as well as a chronic failure to file tax returns.⁶ This may point to a large-scale tax evasion scheme perpetrated by the Debtor's Principals. There are also large, unexplained and undocumented deposits⁷ into the Manager and Debtor bank accounts that mandate further investigation. The findings in the Report also disclosed possible fraud in connection with its mortgage loan originations and related financial transactions.

Further, the Debtor's Response ignores two large, unauthorized, and undisclosed post-petition transactions, which on their face raise possible bankruptcy criminal issues. First, the issue of the unrecorded EIDL loan/grant in the amount of \$350,000 that was diverted to Northside (5 months into the bankruptcy). Second, the transfer of over \$250,000 from the Manager to Northside, three days after the bankruptcy filing. Neither of these two transactions, totaling over \$600,000 were ever reported to the Court or included in the monthly operating reports.⁸ Neither the Counter-Report nor the Debtor's Response address these issues, except by deflection or broad-brush denials.

The Debtor goes to extreme lengths to suggest that the Examiner's work was biased to inure to the benefit of the lender, and that all of this work was simply to enrich the Examiner. While the Court has indicated that these accusations are not a productive path for the Debtor, the Examiner nevertheless feels compelled to directly deny them, as they are untrue. The Examiner works at the behest of the Court, and only the Court. The Examiner's work was conducted in a

⁶ The Report noted that the Debtor's outside accountant (Daniel Norensberg; Norensberg & Associates, Inc.) ignored a subpoena for the production of tax returns and related records and failed to respond to any inquiry by the Examiner and his counsel.

⁷ The Examiner discovered large "counter deposits", some in the hundreds of thousands of dollars that were unexplained by the Debtor. The origin of these counter deposits is unknown and warrants further investigation.

⁸ This is in addition to significant issues identified regarding a PPP loan transaction, which was not investigated by the Examiner as it was outside the investigation scope.

professional and independent manner. The work of the Examiner was significantly constrained by the litigious conduct undertaken on behalf of the Principals.

If anything, the Debtor's Principal's disinformation campaign (reflected in the Counter-Report, Debtor's Response and other pleadings) reflects an effort to divert attention away from the enormity of the transgressions uncovered. Overwhelming evidence exists to support continuation of the investigation by the Examiner or others.
